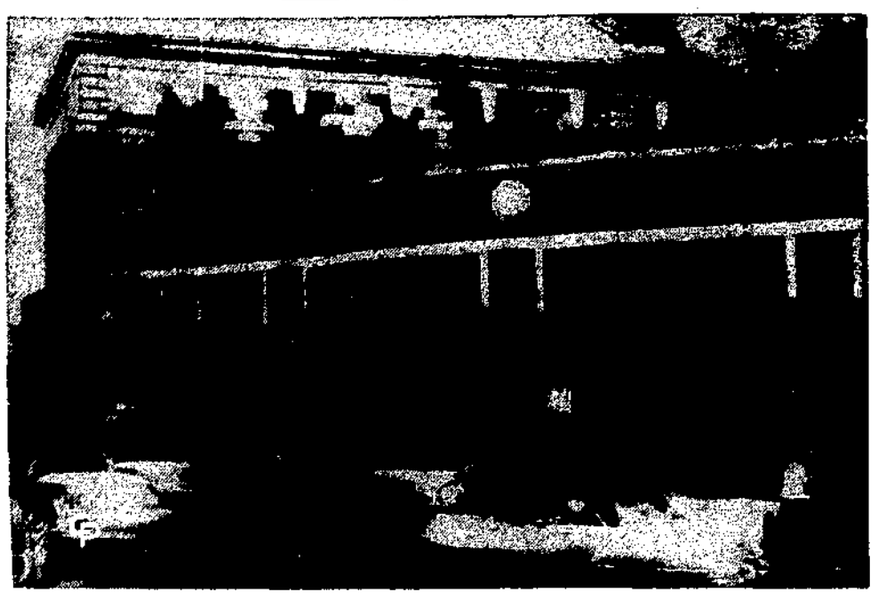
Isolationism, 'Road to War' Extremes Hit by President



KILLER SUSPECT FREED. Police cars swarm around Boston's Suffolk County jail shortly after two hooded gunmen, in broad daylight, broke through four doors to release Elmer (Trigger) Burke, 37, an alleged murderer-for-pay. The prisoner, awaiting trial that could bring him life imprisonment, broke away from a group in the exercise yard and escaped through the wrecked doors as his rescuers held prison guards at bay.

Jury Readies Report on Vice At Phenix City

National Guardsmen Stand Ready To Nab Over 500 Defendants

PHENIX CITY, Ala. (AP) — A dramatic new chapter in the tale of vice and corruption in fabulous Phenix City unfolded today with a grand jury report expected to contain more than 500 indictments.

Special Judge Walter B. Jones called Circuit Court into session to receive the first presentment three weeks after the 18-man blue ribbon jury began its investigation of widespread racketeering.

Guard Ready To Act

Picked teams of National Guardsmen stood ready to arrest the defendants named in the indictments, probably the greatest number ever returned by a grand jury in Alabama. Until the arrests are made, the names of those indicted must remain secret.

Multiple indictments against some of the gambling big shots were expected to account for many of the anticipated 500-odd true bills. As many as 50 indictments were believed likely against some.

Still others may come later in the continuing vice cleanup. Special Solicitor (Prosecutor) George C. Johnson said the jury would go right back to work as soon as the initial report was filed.

Murder Probe Incomplete

It was almost a foregone conclusion, however, that the first interim report would contain no indictments for the murder of anti-vice crusader A. L. Patterson, whose death on June 18 started the unprecedented vice purge in Phenix City, where wide-open gambling and other rackets flourished for years.

State authorities directing the search for Patterson's killer haven't completed their case.

Traffic Survey Report To Be Given Tonight

A meeting to discuss ways and means of completing a fund raising campaign for a Marion traffic survey and to acquaint city and county officials with progress of the drive and plans for solving problems of local traffic congestion will be held at city hall at 7:30 tonight.

R. N. Ricketts of Delaware, planning engineer for the Sixth District of the State Department of Highways, will be the main speaker and will outline the method of operation of the highway department in planning improvements to state and federal highways. He will also point out why a comprehensive traffic survey is a "must" for any municipality hoping to obtain state and federal aid for improvement projects on state or federal routes through the city.

Organized by John Dowler of the Chamber of Commerce Civic Affairs Committee, the meeting will be attended by city councilmen, the county commissioners, City Solicitor George Piacentino, Mayor Harold F. Robinson, Safety-Service Director Ralph E. Forrest, County Prosecutor Ralph Carhart, City Engineer John V. Ruth, members of the Civic Affairs and Traffic Survey committees of the Chamber of Commerce, and other interested persons.

Ricketts' assistant will also be present to help answer questions concerning state highway planning.

It has been estimated the survey will cost $20,000. So far, City Council has set aside $6,000, the county commissioners, $2,000, and a citizens' committee has raised between $3,500 and $4,000.

Fresh Paris Crisis

Bid for New Talks Snags EDC Debate

PARIS (AP)—The French National Assembly interrupted debate on the European Army Treaty today after one of its supporters insisted on an immediate call for new negotiations to change the treaty.

This move by the group in favor of the European Defense Community Pact immediately brought a counter move by the opponents to shut off the debate and bury EDC without further talk.

Debate Procedure

The morning session of the Assembly was devoted exclusively to the questions of procedure. None of the approximately 60 orators wanting to talk about the treaty itself had a chance to speak.

Under parliamentary rules, a decision on these motions must take precedence over the rest of the debate. A truce was reached yesterday and both supporters and adherents of EDC agreed to withdraw their opposing motions to permit the general talks to proceed. This morning, the pro-EDC group had a change of heart and the resolution calling for new talks with the other five EDC nations was reinstated. So was the anti-EDC motion.

Seek Solution

Parliamentary experts were trying to figure out a solution. Both factions were working to line up votes for their side.

The motion submitted by Alfred Chupin of the small Union of Democratic and Socialist Resistance, says that there is reason "to invite the government to follow up its efforts, prior to the vote on the treaty, for an agreement among the signing nations on the basis of the project of protocol submitted by France at Brussels and to renew with Germany the negotiations of the Saar." It proposed resuming the debate Sept. 21.

The Assembly's foreign affairs committee, by a vote of 24 to 20, decided to recommend when the assembly convenes this afternoon that it adopt the resolution by EDC foes to put off debate indefinitely. This, in effect, would kill the treaty.

Opening the treaty debate yesterday, Mendes-France maintained his on-the-fence attitude regarding the European Defense Community Pact but he choked off several attempts to stall discussion and cleared the way for the pro-EDC faction to have its say.

May Last Until Wednesday

Former Premier Rene Mayer was the first to accept the challenge with an urgent plea for adoption of the treaty. With 69 more speakers to be heard from, the debate is expected to last at least until Wednesday.

There appeared some chance that before voting to ratify or re-

Hits Humphrey Measure

Hall Attacks Democrats On Anti-Red Legislation

CINCINNATI (AP)—National Chairman Leonard W. Hall keynoted a Republican party campaign pep rally here today by accusing congressional Democrats of using "vast cunning" in attempts "to make our anti-Communist legislation unworkable."

Hall called on party committeemen and state chairmen to "reaffirm our standing pledge of campaign ethics." But he said in a speech prepared for a workshop conference here that the Republicans are "not going to hang up the gloves" in what President Eisenhower said was the "crucial struggle" for control of Congress.

No "Hangers-On"

As a possible example of what he had in mind, Hall said he was happy to report that the Republicans have "no ragtag, bobtail hangers'on of the left-wing ADA (Americans for Democratic Action) persuasion to confuse us with calls for recognition of Red China and for scuttling the administration's hard-hitting antisubversive program."

The GOP chairman did not spell out his indictment fully, but his thrust about making anti-Communist legislation "unworkable" obviously was aimed at Senate Democrats, headed by Sen. Hubert Humphrey of Minnesota, who forced through a measure to strip the Communist party of its legal rights.

Political Coup Claimed

The Democrats did not succeed in getting final approval of their original proposal to make membership in the party a crime. The measure, as amended, stripped the Communist party of legal status. But Democrats hailed its passage as a political coup which would answer Republican charges they had been soft toward the Reds.

Republicans had complained that as originally drawn the bill would have hampered prosecution of persons who did not register under the terms of the Internal Security Act. Eisenhower signed the amended measure with the observation that he had been assured it

Democrats Ask High Supports For Farmers

SIOUX FALLS, S. D. (AP)—Democratic candidates for Congress from 15 Midwestern states today pledged to work for re-establishment of high, rigid price supports on farm products.

Though they got no solid support for their views from Adlai Stevenson, the three dozen nominees for the Senate and House made the pledge yesterday in a joint statement after a party agricultural conference here.

Rigid price supports were knocked out by the administration's new farm bill, signed only last Saturday by President Eisenhower.

Stevenson, the Democrats' 1952 presidential nominee and titular leader of the party, indicated in his speech closing the conference

Derailment Blocks Mansfield Tracks

MANSFIELD, Ohio (AP)—Twenty-one Pennsylvania Railroad freight cars left the tracks here today and for a time blocked N. Main St.

Railroad officials said one car jumped the tracks, causing the others to be derailed. No one was injured.

The derailment caused a temporary shutdown of part of the Ohio Brass Co. plant when one car crashed into the company's carpenter shop, damaging the air system.

A spokesman for the railroad said no passenger traffic would pass through Mansfield for two days while tracks are repaired.

Revised Atom Law Okayed By President

Hails Steps Toward Peaceful Use of Vast Potential for Power

WASHINGTON (AP)—President Eisenhower today signed the new atomic energy legislation and declared it will speed the time when the atom "will be wholly devoted" to peaceful purposes.

The bill, which ignited one of the hottest congressional fights of the year, overhauls the 1946 Atomic Energy Act. One of the changes permits the government, under certain security safeguards, to give nuclear information to America's allies.

Private Power Industry

The new legislation also, for the first time, opens the door for development of a private atomic power industry within the United States.

Eisenhower, in a statement, took note of the warm debate in Congress over these provisions.

He said he feels "some misunderstandings" were revealed during the debate, and added:

"I want our people to know that these provisions are designed eventually to relieve the taxpayer of the enormous cost of the commercial aspects of the enterprise, while fully protecting the public interest in atomic energy.

"In fact, these provisions carry into effect the 1946 policy declaration of the original Atomic Energy Act, that free competition in private enterprise should be strengthened."

Aid to National Strength

Eisenhower expressed confidence that the new measure will be a boon to public and private development of atomic energy. It will lead, he said, to greater national strength.

"Programs undertaken as a result of this new law," the President declared, "will help us progress more rapidly to the time when this new source of energy will be wholly devoted to the constructive purposes of man."

Army Opens Texas Trial of Cpl. Batchelor

Charges Ex-Prisoner Collaborated With Reds in Korean Camp

SAN ANTONIO, Tex. (AP) — An attorney for Cpl. Claude J. Batchelor said he will tell a general court-martial here today that the Army "promised Batchelor immunity and then went back on its promise."

Batchelor's trial opens today in a sheet-metal building at Ft. Sam Houston.

Defense Atty. Joel Westbrook of San Antonio said: "He is eager to clear himself with the American people."

Batchelor, 22, of Kermit, Tex., is charged with collaborating with the enemy and informing on his buddies during his 31 months as a prisoner of war in North Korea.

He was one of 23 American prisoners who decided to stay with the Communists after the Korean armistice. But he changed his mind and came back to the Allied side last Jan. 1.

The only other American of the 23 who came back was Cpl. Edward S. Dickenson of Big Stone Gap, Va. He was convicted by a court-martial last May 4 on charges similar to those brought

Gov. Shivers' Texas Victory Pleasing to Ike

DALLAS (AP) — President Eisenhower is "highly pleased" at the re-election of Texas Gov. Allan Shivers, a conservative Democrat who supported Republican Eisenhower in the 1952 presidential election.

Democratic National Chairman Stephen Mitchell says he does not consider Shivers' victory an indication of any national trend or of "anything about Eisenhower."

Shivers rode a record Texas primary vote Saturday to victory over Austin Atty. Ralph Yarborough, who was backed by liberal Texas Democrats.

It was a runoff election in which Shivers won an unprecedented — in Texas — third elective two-year term and Yarborough failed a second straight time to unseat him.

The latest tabulation of the Texas Election Bureau, an unofficial vote-counting agency, showed Shivers had a lead of 93,240 votes—771,569 for Shivers to 678,329 for Yarborough.

Meat Packing Pioneer Dies

Heart Condition Fatal To Jay C. Hormel, 61

AUSTIN, Minn. (AP)—Jay C. Hormel, 61, head of the George A. Hormel meat packing firm, died early today following a long illness.

Hormel, son of the founder of the firm, had suffered more than a year with heart condition.

He supervised experiments leading to the first successful method of canning pork which led to a greatly expanded market for hogs. His firm became well known in labor relations when the Hormel Co. introduced an annual wage plan for its packinghouse workers in 1931. The plan guarantees year-round employment.

He became president of the firm in 1928 upon retirement of his father and became chairman of the board in 1946 following death of his father, George A. Hormel, who established the company in 1891.

Surviving are his widow, three sons, George A. Hormel II, formerly married to actress Leslie Caron, Thomas, 24, a Coast guardsman stationed at San Diego and James, 21, student at Swarthmore College.

Flies Back for Probe

McCarthy Says He'll Call No Witnesses on Censure

WASHINGTON (AP)—Sen. McCarthy (R-Wis) said today he will call no defense witnesses in the Senate's new investigation of his conduct which will start here tomorrow.

Flying in from Los Angeles for the new inquiry, and to learn the verdict seven fellow senators have reached in the McCarthy-Army hearings, McCarthy said he is ready to testify in his own behalf in the new inquiry, if he is requested to do so.

But he indicated no desire to testify.

Seeks 'Quick Windup'

His hope, he told a reporter, is for a quick windup of the inquiry, which he termed "a great waste of time."

"I will cooperate to get this thing out of the way as quickly as possible," McCarthy said in an interview. "It holds up my plans for an active Republican campaign speaking tour, and for investigations—I can't plan anything.

"It is a great waste of time through no fault of the committee. Once the charges were made they had to be resolved, and that is the task of this committee and the senate."

McCarthy said that "some of the things alleged "by the three senators who precipitated the new inquiry "will be admitted."

"For instance," he said, "the fact I said Sen. Flanders (spearhead of the new move to have him censured by the Senate) was senile is unquestioned. It will be freely admitted. He can prove he's not if he can and wants to."

'None To Call'

Asked how many witnesses he plans to call in the inquiry McCarthy said:

"I have none to call. If they want me to appear I will.

"I will, of course, attend all sessions."

Flying back from Los Angeles to attend the inquiry, McCarthy told a reporter he sees no reason why the new investigation should be a long one.

He was accompanied on the trip by Mr. and Mrs. Robert Vogeler, who said they came in only in the roles of well wishers and friends. Vogeler left later in the day on a flight to New York, and did not indicate whether he would be back to attend the hearings.

Union Works On Last 2 Big Rubber Pacts

Parleys Continuing With U.S. Rubber Co., Firestone on Pay Hike

AKRON, Ohio (AP) — The CIO United Rubber Workers, after reaching contract agreements with two of the four major rubber companies over the weekend, resumes bargaining today with the other two.

Goodyear Tire & Rubber Co., strikebound for 53 days, was the first to come to terms with the union. The firm agreed Friday to pay raises averaging 6½ cents hourly on average straight-time rates of $2.10. The 23,000 workers affected ratified the pact over the weekend in balloting by each of the Goodyear locals.

The B. F. Goodrich Co. and the union reached a similar agreement Saturday night after prolonged negotiation. Approximately 15,000 URW workers will meet soon to vote on the proposed raise of 6½ cents hourly on average straight-time rates of $2.05.

The union is in the third week of a strike against the Firestone Tire & Rubber Co. while bargaining in Cleveland on a new contract which would affect 25,000 employes.

A new wage clause for 35,000 U.S. Rubber Co. workers is being negotiated by the union in New York.

Goodrich Plant Workers Gain Increase in Pay

Employes of the Marion plant of the B. F. Goodrich Co. today are working under a new contract signed over the weekend in Cincinnati granting them a pay increase of six cents an hour.

The contract was signed by representatives of the company and of all local unions involved in the wage negotiations which had been going on for several months. The wage increase is effective as of last Monday.

The new agreement followed the pattern set by the Goodyear Tire and Rubber Co. which reached an agreement with the CIO Rubber Workers Union Friday afternoon.

Workers at the nine Goodrich plants had not gone on strike, but were working on a day-to-day basis under terms of the old contract which expired here July 26.

Workers at six of the nine Goodrich plants will receive the six cent boost. Employes at plants in Los Angeles, Calif., and Oaks, Pa. will get nine cents an hour more, while those at Tuscaloosa, Ala. get seven and one-half cents more per hour.

The pattern set by Goodyear negotiators was expected to be followed by other members of the rubber industry. Goodyear workers went on strike in July.

Ike Addresses Legionnaires' Convention

Peace With Strength Keynote Sounded at 36th Annual Conclave

WASHINGTON (AP) — President Eisenhower told cheering, shirt-sleeved American Legionnaires today that an American foreign policy pursuing peace must not be "side tracked" into the "dead ends" of isolationism or deliberately choosing "the road to war."

Doffing his blue and gold cap from his Abilene, Kan., post, Eisenhower addressed the opening session of the American Legion's 36th annual convention.

'Product of Strength'

The gathering of war veterans from all over the country and from foreign lands hit a keynote from the outset that peace is a product of strength and war a product of weakness.

Gov. John Lodge of Connecticut put it that way in the main welcoming speech and added that "appeasement merely multiplies the hazards of war."

And a past national commander of the Legion, Lewis K. Gough of Pasadena, Calif., told the convention:

"The more the free world surrenders to communism the more we risk a third world war."

Hits 'Political Timidity'

On the same note of peace through strength, Eisenhower told the thousands crammed into the steaming National Guard Armory, that neither "wishful thinking" nor "political timidity" can be permitted to bar any longer the building and maintenance of a strong, ready military reserve "so absolutely essential to our defense."

Eisenhower said establishment of an adequate reserve will be a "number one item" submitted to the next Congress.

The chief executive flew back to Washington from a Colorado vacation to make his third appearance at a Legion convention since World War II ended.

Something like 25,000 legionnaires and members of their families — more than ever before, the delegates brought wives and children — thronged Washington for the opening of the four-day convention, the first ever held here. The number is expected to swell to 150,000 before it's over.

It was the youngsters who made

PUCO Okays City Plan for Train Control

A resolution approved by Marion City Council at its Aug. 9 meeting requesting the Erie and New York Central Railroads to move a block signal west of Oak St. was tentatively approved by the Ohio Public Utilities Commission today.

In a letter to Mayor Harold F. Robinson, Robert L. Moulton, chairman of PUCO, wrote that in his opinion the city could regulate the maximum speed of trains through the city and the maximum length of time a crossing could be blocked.

The letter further indicated the city would be within its rights in asking the railroads to locate block signals in such a way to prevent trains from blocking main crossings in the downtown area.

Moulton said that he had asked the chief of the railroad department of PUCO, Owen Murray, to contact Mayor Robinson and fully discuss this aspect of the city's rights.

The resolution passed by Council asked that the Erie and New York railroads move a block signal from west of Oak St. to a point east of N. State St.

Purpose of this is to help prevent trains from blocking downtown crossings. Presently trains are stopped east of the city, then are brought through town when it appears tracks will be clear. Occasionally it is necessary to stop such trains just after the locomotive passes over Oak St. resulting in all downtown crossings being tied up for several minutes.

Mayor Robinson wrote to the PUCO to ask whether or not the resolution passed by Council requesting the block signal be moved could be enforced.

Political Ike

By George Sokolsky

Some time during the past three months President Eisenhower ceased to be bored. The struggle for power with the Congress attracted his interest and the victory of his legislative program intrigued him. He is now a politician.

SOKOLSKY

The original Eisenhower concept of the presidency was undoubtedly a product of his long life abroad. To him, the president, once elected, ceases to be a partisan; he is non-partisan, or bi-partisan, or beyond party. During the first session of the 83rd Congress, this concept created confusion because it was unrelated to political organization in this country. It created consternation among the older Republicans who had been waiting 20 years for their party to return to power. The Republicans, seeking normal leadership in Congress, turned to Robert A. Taft for intellectual direction and when he died, they had none.

In the second session of the 83rd Congress, President Eisenhower had to succeed with his legislative program or, it became increasingly evident, the Democrats would control the 84th Congress. Some of the Eisenhower advisers even believed that, on the whole, the President would be better off if the Democrats did win in the 1954 election, and the Democrats naturally encouraged that point of view. Some of the President's old friends and advisers are more accustomed to Democrats, having been with Roosevelt and Truman for so long. However, better counsel prevailed and the President went as political as his personality permits. He has been extraordinarily successful in putting over his legislative program and in pulling his party together on the eve of an election.

—:—

THE RESULT IS THAT the revolt within the Republican Party against the Eisenhower group abated. There is still opposition to the inordinate influence of Paul Hofman, Lucius Clay, and John J. McCloy, who are regarded by old-time Republicans as Truman holdovers, but there is greater confidence in Eisenhower personally as a political leader.

One of the factors in the strengthening of Eisenhower's position within the Republican Party was the unbelievable stupidity of the chairman of the Democratic National Committee, who tried to establish that President Eisenhower was involved in a personal scandal to get financial advantage for his friend, Bobby Jones, the golfer. This had to do with the Dixon-Yates group who, at the President's direction, were given an A.E.C. contract in Arkansas. Jones is a director of one of the firms involved.

Mitchell produced no evidence of corruption. He did not establish a scandal. He did not prove that Jones was corrupt or that the President aided and abetted him in any corruption. What Mitchell did do, by one fell swoop, was to separate the President from any sentimental attachment to the Democrats with whom he had served under Roosevelt and Truman, and it sent him into the 1954 campaign as a partisan, electioneering for the Republican Party. The most Republicans expected of him was that he would say a few kind words for them; now he is apparently a fighting political leader. It is anticipated — perhaps hoped for is more accurate — that the President will re-evaluate the judgment of those who advised him to be a bi-partisan president.

—:—

THE PRESIDENT'S CHANGED attitude has had the effect of weakening the Taft group, as a distinctive element, considerably. Senators Dworshak and Mundt could use Eisenhower's support and they will now undoubtedly have it. Senator Ferguson, who had been a Taft stalwart at one time but who became dependent on Eisenhower in recent months to a degree that his friends wondered at his voting record, is now sure of re-election and has been absorbed in the Eisenhower leadership. Senator Bridges is safe in New Hampshire and Senator Knowland controls the party machine in California. In a word, those who used to be called Taft Republicans are no longer politically frightened. The weak spots, New Jersey, Connecticut and Massachusetts, have not improved too much, however.

If President Eisenhower continues to fight as a partisan in the 1954 campaign, he will establish his leadership in the Republican Party for the 84th Congress and he will also establish the fact that he will be the Republican candidate in 1956. Opposition to him within his own party could altogether disappear. That will have the effect of putting an end to successor - aspirations, which do exist today and which add to the elements of confusion in this party.

$215,000 Tax Case Appealed In Stark County

WASHINGTON (AP)—The Internal Revenue Service seeks $215,000 from former owners of the old Stark Brick Co. of Canton, Ohio, in income tax on proceeds they received in liquidating the firm.

The former owners, in appeals filed with the U.S. Tax Court, contend they owe no additional tax.

They said they correctly paid capital gains taxes on their 1949 returns on the money they received for the assets. The IRS said they should have paid ordinary income taxes, which would be at a higher rate.

Appealing their cases, and the amounts IRS says they still owe, are:

Fred C. Blosser and his wife, Dorothy L. Blosser of Dalton, Ohio, —$56,885.46.

John C. Blosser, minor son of Fred C. Blosser, of Dalton Ohio—$929.87.

John H. Stewart Jr., Rt. 2 Avondale, Canton—$16,583.16.

John H. Stewart and his wife, Hazel D. Stewart, Box 230, Canton —$56,944.88.

Comrades Calmed

By Victor Riesel

For two weeks, deep inside the Communist party, its leaders struggled to soothe the nerves of panicky comrades as their proletarian party was about to be sunk by the laws outlawing its activity. Then President Eisenhower ripped what seemed to be the last lethal gaping hole in its side with the pen which signed the unprecedented and utterly confusing bills.

RIESEL

But the panic subsided inside the party. Its functionaries convinced their 25,000 disciplined members still left in the Comintern's revolutionary cadre in the U.S., that the law is just a political "tactic." No one will be hurt. No one will be arrested who would not have been jailed under the old anti-Communist laws, said the top tovarisch. Just wait and see.

The comrades saw that the more the law changed the more things were the same. Pro-Communist unions, many of whose national leaders had refused to deny knowledge of espionage under congressional oath, were striking and crippling much of our copper supply and some military aircraft parts production, as well as the flow of some unmentionables for the Atomic Energy Commission and the guided missile program.

Certainly the New York edition of Moscow's Pravda — the Daily Worker — had developed no inferiority complex.

-:-

ITS FRONT PAGE boasted that "Copper Strikes Spread In U.S., Chile." Thus it bore out many charges made in this column that the pro-Communist Mine, Mill and Smelter Workers' Union strikes were coordinated with strikes by pro-Soviet labor in Chile's copper mines. For the moment, we have ample copper supplies, but a deep slash in production, through the intricacies of modern industry, can affect a hundred other defense items including high octane aviation gas for our planes.

It could be said, though, that it will take time under the new law before the government can move against the bloc of pro-Communist unions in the heart of our defense production.

First, the U.S. attorney general must get from the FBI sufficient documentation to warrant his deciding that a union is Communist infiltrated, controlled or directed, or is giving aid to world Communism, or is imparing the strength of or interfering with the armed forces of the U.S.

Then the attorney general must file a petition with the Subversive Activities Control Board (with a copy to the accused union) asking for action. If the nation's top law officer believes his demand is of utmost public importance, he can get the SACB to act on his petition almost immediately.

-:-

AFTER LONG hearings, the SACB will decide whether the union is Communist infiltrated, dominated, conspiring, etc., etc. Then there is recourse to the courts. Finally, if the decision is against a union, such as Harry Bridges' long-time pro-Soviet West Coast longshoremen's outfit, such a union will simply be put out of business.

It will be denied the right to appear before the National Labor Relations Board, to make complaints anywhere in the courts or to represent union members in any fashion in any area of collective bargaining or union organization.

Nor can any Communist, pro-Communist or Communist sympathizer, though politically inactive, hold a job, elective or appointed, in any union, even if that union is not Communist influenced. It should be pointed out that the word is "Communist," not just pro-Soviet. This would include Marshal Tito's Communist Yugoslavia.

However, this law still doesn't seem to solve the basic question of Communist control. Each of the accused unions can cleanse itself by removing such men as Harry Bridges or the UE's Jim Matles and come back to the SACB and the attorney general with affidavits stating that they are no longer infiltrated by pro-Communists.

-:-

IT'S A REASONABLE clause, but it means that the Sovieteers can quit and with a flip of the wrist put their friends in office. Then go argue with a union that comes out for "peace" or recognition of Red China, etc., etc. Does that make it Communist dominated? The debates will rage forever.

Most of the pro-Communist unions will try to get back into the CIO and AFL. This new law says that any union in a national labor federation which has been opposed to the domestic and world Communist movements automatically is "prima facia" not a "Communist-infiltrated organization."

This means the left wing unions will be running for this kind of cover. They'll dump some of their obviously Communist leaders, behave themselves for a while, and then, pop up again.

The more things change, the more they'll be the same — conspirators.

4 Classes of Girls

By Hal Boyle

NEW YORK

Could there really be anything wrong with American girls?

Whenever such doubts assailed me in the past, I have firmly repressed them, feeling they must reflect a personal defect in my character that makes me unable to appreciate feminine perfection. After all, if a girl were'nt perfect wouldn't she be the first to admit it?

HAL BOYLE

Well, today I am full of new doubts. I just ran into a young bachelor who owns a yacht and still can't find the right girl to make first mate.

"Sure, I'd like to get married," said David Haft. "Every bachelor says he is happy, but every bachelor knows it isn't true. I just haven't been able to find a girl who would make the kind of wife I want."

—:—

OF COURSE, Dave isn't without faults. He is an amateur sculptor, he likes to quote poetry, and his yacht, after all, is only 40 feet long. And the girl of his choice might have to learn to enjoy water skiing.

But these minor flaws are balanced by certain homely virtues. Dave, who spent 500 combat hours flying bombers in the Pacific theater in World War II and is not unhandsome in an Air Force sort of way, now pilots his own Cadillac convertible. He has a luxurious East Side apartment staffed with a maid and butler, and the butler can cook. He also is president of the House of Swansdown, a major cloak and suit firm, and in four years has built up its business from 4 million to 12 million dollars a year.

—:—

YOU'D THINK a guy like that would be the target of a new feminine gold rush. Well, he is. That's the trouble.

"Too many girls today simply want to use a man as a stepping stone for a career—they aren't interested in a man for himself alone," said Dave. Glamor girls hold no particular appeal for him, as he is surrounded in his work every day by from 16 to 30 beautiful clothes models.

Full of the wisdom and cynicism of his 31 years, Haft has divided American girls into four classes.

"First, there is the professional career type," he said. "They are usually actresses or models, and they have a tremendous ego problem. They are so dependent upon their physical charms they have to be constantly reassured they are as beautiful as ever. And the praise of their husband isn't enough. They have to get outside opinions from other men. Even though she insists this is only a game, it is more than a man wants to put up with.

"Then there are the business career girls. They use their home only to supplement their career. They may love a husband dearly, but they are too involved in their own problems to show the right kind of interest in him.

"The third type is the girls who do nothing. You find lots of them in all classes, single or married. They are lady leeches, trading on the art of being feminine. But they tend to destroy any male who gets involved with them, because they offer nothing in return—not even stimulating conversation."

—:—

And the fourth type?

"She is the real homemaker," said Dave. "She is basically interested in getting a husband rather than a glamour career. She is emotionally and physically adjusted to being what she wants to be—a real housewife.

"But most girls like that can be found now only in the country or the small towns. Life in a big city is the unhappiest preparation in the world for anybody who wants a peaceful marriage."

I asked Dave why he didn't jump in his Cadillac and start touring the small towns.

"It would take luck, too, to find her," he said. "So far, I guess, I've been pretty selfish myself—putting my career first. That doesn't work either. A man, like a woman, has to put his home ahead of his career, if it comes to a final choice."

Meanwhile, Dave is not without consolation while he waits for the right girl. He has a parrot.

BODY FOUD IN RAVINE

GEORGETOWN, Ohio (AP) — The body of William Beasley, 30, of Rt. 1, Aberdeen, was found in a ravine near his farm home yesterday and the Brown County coroner ruled the death a suicide. Beasley had been sought since Friday when his wife, Mary Katherine, 29, was killed and his 3-year-old daughter, Judy, wounded. Officers said Beasley killed himself with the same shotgun used in the slaying of his wife.

Scientists have recently reversed a previous conclusion and now believe that cancer affects all peoples in all climates.

Ohio Bell, CWA Sign Wage Pact

CLEVELAND (AP)—Pay raises of from $1 to $2.50 weekly have been granted 14,000 Ohio Bell Telephone Co. employes under an agreement signed with the CIO Communications Workers after five months of bargaining.

Another 3,000 Bell employes got no pay raises.

The agreement was reached Saturday night and was made retroactive to Aug. 22. Besides wage increases, it includes some fringe benefits and upward reclassification of some cities and jobs.

Classifications and rates of Ohio Bell workers vary widely, and no average overall rate was available.

Kenton Man Cited

Miles L. Anderson, operator of the Sportsmen's Club in Kenton, is one of 30 permit holders cited to appear before the Ohio Board of Liquor Control in Columbus this week for alleged violations of liquor laws.

The Kenton man is charged with improper conduct and disorderly operation, sales to intoxicated persons, unlawful possession, and insanitary conditions. The hearing is scheduled for Wednesday morning.

BODY RECOVERED

CINCINNATI (AP) — The body of Jack Gray, 33, of Detroit was recovered from the Ohio River yesterday. Gray drowned Friday night, police said, after attempting to swim the river following a drinking spree.

Second World Church Session Ends Tuesday

Unity of Faith Final Major Project Before Evanston Conference

EVANSTON, Ill. (AP) — The momentous second General Assembly of the World Council of Churches neared its end today after ringing declarations calling for "the living together" of the East and West and placing the church adamantly against racial segregation and use of nuclear weapons.

This assembly of church leaders representing 163 denominations from 48 countries ends tomorrow after almost continuous sessions since Aug. 15. The principal major task remaining was that of the "oneness in Christ," or church unity.

Adopts Reports

Over the weekend, the assembly accepted reports which:

Appealed to Communist and non-Communist nations to recognize they must "live together" in order to head off their march toward a cataclysmic war. "However deep the conflict may be," the council said, "it is not necessarily an insuperable bar to living together. Mankind is sick of it, and wants to be at peace."

Urged upon nations of the world the abandonment of "force as an instrument of policy beyond existing frontiers."

Termed communism a snare of "false promises" but warned the West against "anti-Communist hysteria."

Called on all nations to "pledge that they will refrain from the threat or use" of nuclear weapons against the territorial integrity or independence of any state.

Arms Control Asked

Urged new efforts for international control, inspection and prohibition of atomic, hydrogen and other mass-destruction weapons to end "an arms race of unprecedented dimensions."

Termed racial segregation "an unutterable offense against God to be endured no longer." It is the duty of the church, the report said, to protest against "any law or arrangement that is unjust to any human being or which would make Christian fellowship impossible."

Concerning East-West relations, the report to the assembly said that it purposely avoided the term "coexistence" because it first was used by Communist leaders.

"We stand against submission to, engulfment by or appeasement of totalitarian tyranny and aggression," the report stated. "We also stand against the exploitation of any people . . . and for basic civil liberties. . . . Christians must continue to condemn totalitarianism as false in doctrine and dangerous in practice. They will be no less firm in continuing to oppose atheistic materialism."

Batchelor

against Batchelor. Of the other 21, one has been reported dead by the Chinese Reds.

Westbrook said Batchelor and the other Americans were promised immunity by the Army while they were in Indian custody, at Panmunjom, Korea, last winter.

Westbrook said he will move for quashing the case on a complaint that the Army "went back on its promise."

But the Army has stated that it promised the reluctant Americans only that they would not be punished for remaining behind after other Allied captives had been repatriated.

The Army has maintained that no immunity was promised for actions of the prisoners while they were in North Korean prison camps.

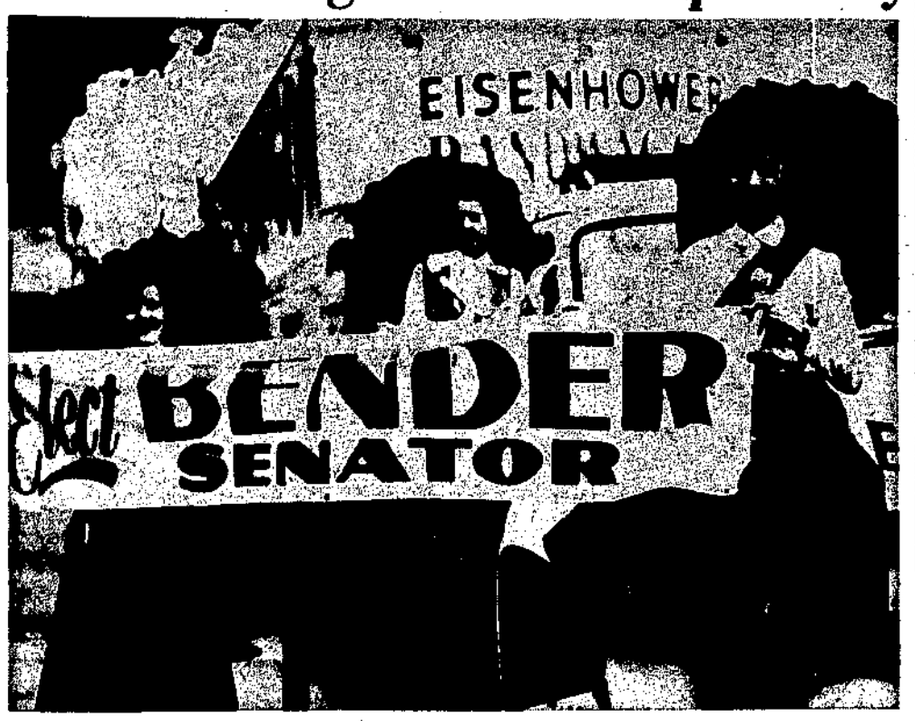
Ike's Bandwagon Makes Stop in City



THE EISENHOWER BANDWAGON passed through Marion this morning on its nationwide tour to persuade the voters to elect a Republican Congress. In this section of the state, sponsors of the bandwagon are campaigning for the election of George Bender as senator and Jackson Betts as representative. The three girls riding the bandwagon are Miss Peg McGann, Mrs. Nancy Stearns, and Miss Marion Ziegelmeyer, all of Cleveland. The bandwagon was brought into the state by the Republican state organization and Republican congressmen.

most of the noise, with rifles crackling in a firing squad contest within sight of the White House, and with drums rolling and bugles blasting in other competitions on all sides.

Some of their elders did a little whooping it up. Cowbells clanged in hotel lobbies. Picturesque motor-locomotives of the 40 and 8, the legion's fun - making offshoot, beeped and tooted.

Mainly, though, the convention got off to a comparatively orderly start. National officials ruled out any sort of rowdyism.

Adm Arthur W. Radford, chairman of the Joint Chiefs of Staff, and Francis Cardinal Spellman, Roman Catholic archbishop of New York, were invited to speak following Eisenhower's address at today's opening session.

Then, after tomorrow's monster parade with its expected 75,000 marchers, the convention is scheduled to deal with a number of resolutions concerning defense, veterans' care and other matters. Seaborn P. Collins of Las Cruces, N. M., is slated to succeed Arthur J. Connell as national commander in Thursday's election.

Dairy Group Plans Three-City Session

WASHINGTON (UP)—Dairy industry leaders from many lands will meet in three cities in October to compare notes, swap information and study dairy progress in the United States.

Lested Olsen, president of the Dairy Industries Society, International, announced that his organization, a world-wide body interested in dairy enterprise, will hold its review over a four-week period in Waterloo, Ia., Chicago and Atlantic City, N. J.

The National Dairy Congress scheduled to take place in Waterloo Oct. 2-9, features the official national cattle breeding shows. Some of the other events include 4-H contests, dairy products judging contests and a farm equipment exposition.

Chicago is the scene of the International Dairy Show which is cheduled the week of Oct. 11-16. Various contests and expositions are planned with daily entertainment furnished by a world championship rodeo.

The last of the expositions takes place Oct. 25-30 in Atlantic City. The Dairy Industries Exposition, the largest regularly held single-industry exposition in the world, will display the products of some 400 firms. Concurrent conventions related to the dairy industry also will be held in Atlantic City.

Olsen said tours and trips will be arranged for foreign visitors to inspect dairy farms, factories, and marketing and distribution practices.

Picture-Taking Machine Foils Bad Check Artist

PASADENA, Calif. (UP)—Worry among market operators over the increasing multi - milloin - dollar check-forging racket no longer bothers James S. Smart and Charles F. Goldworthy, owners of a small market in East Pasadena.

Smart and Goldworthy cash checks without qualms because of a compact metal box 27 inches high that takes a picture. The photographs offer undeniable identification of each person cashing a check at the store. They show a clear and accurate image of the person's signature and classifiable fingerprints of all 10 fingers.

We've found most people are pleased with our "new system," Smart said. "They don't have to hesitate about asking to cash a check, and we don't have to worry about identification."

The check protection machine is one of the first being produced on a large scale by plants in nearby Rosemead and Alhambra.

Experts Probe B36 Crashes

Air Force Teams Sent To El Paso, Rapid City

EL PASO, Tex. (AP) — The Air Force has sent crack investigating teams from flight safety headquarters to help probe crashes of two giant B36 bombers within 24 hours that left 25 dead and 18 injured.

One of the 10-engine planes, trying to land but crippled by apparent power failure, smacked into an open patch near a big housing project on the El Paso outskirts Saturday night. It disintegrated into a fiery, exploding heap. One crewman was killed and 15 injured.

The night before, 24 crewmen died and three were critically hurt when another B36 crashed at Rapid City, S.D., while approaching Ellsworth Air Force Base for a landing in "perfect" weather. This was the worst crackup in the history of the world's largest bomber valued at 3½ million dollars.

Parrott Recommended For County Agent Post

The Marion County Extension Advisory Committee has recommended Ellwood Parrott to become county agent, succeeding Arthur H. Smith.

Parrott, now associate extension agent, was recommended by unanimous vote of the committee. The recommendation has been submitted to the Director of Extension who will present the request to the Ohio State University Board of Trustees.

Smith resiged to take a position with the Extension Service's radio section in Columbus.

FAMILY MONOPOLY

STRATFORD, N.Y. (UP)—The Fuller family has had a monopoly on the town clerkship here for 101 years. Edna Fuller was re-elected town clerk for the fifth successive year this spring. In line before her, William G. Fuller held the post for 47 years and Edward B. Fuller for 49 years.

ject the treaty, the Assembly would ask Mendes-France to seek new concessions from the other five prospective members of the alliance — Italy, West Germany, Belgium, the Netherlands and Luxembourg. Mendes-France failed to get the changes he wanted in his talks with the other five foreign ministers at Brussels earlier this month.

In his three-hour speech yesterday he still refused to take a stand for or against the treaty. But he warned that West Germany cannot be denied sovereignty much longer.

Bonn Pact To Follow

He said that if the EDC treaty is defeated, he will call the Assembly back to ratify the Bonn Accord, the companion pact to give the Germans virtually full control of their own affairs.

Now drafted to take effect only when EDC becomes operative, the Bonn Accord does not alone give the Germans the right to create an army.

Mendes-France declared that defeat of EDC would in no way solve the question of German rearmament.

"The problem of Germany and its rearmament won't be automatically settled," he declared. "Sooner or later, the problem will arise again in one form or another. He is indeed flippant who would vote today for or against without reflecting on all the consequences of his decision."

Mendes-France spoke bitterly of the Brussels conference, labeling it "painful and humiliating," but he said the Assembly must take a position on EDC so France's allies will know where she stands.

Leading off the pro-EDC lineup, Mayer pleaded with the Assembly not to do what the United States did in rejecting the Versailles Treaty after World War I. That act, Mayer declared, delayed the "Grand Alliance" by 30 years.

Eleven Hurt In Accidents Over Weekend

5 Injured in Crash At N. Main and Hazen; 6 in County Mishaps

Five persons were injured in one of five weekend traffic collisions reported today by Marion police.

The state highway patrol reported six persons hurt in two accidents on county highways.

Persons Injured

Those hurt in the city accident were all taken to City Hospital, treated and released. They were:

Mrs. Frank Guear of near Findlay, driver of one of the cars, chest injury.

Margaret Guear, 11, daughter of Mrs. Guear, bruises on right leg and head.

Bernard Giffin, 35, of Lima, bruises to legs, cut mouth, bruised ear.

Mary Giffin, 34, his wife, chest injury

Donnie Allan, 4, of Fostoria, son of driver of car in which the Giffin's were riding, bruises to head.

The accident occurred at 6:17 a.m. Sunday at N. Main and Hazen Sts. when the car driven by Wayne D. Allan, 31, of Fostoria crashed into the rear of the car driven by Mrs. Guear pushing it forward into another car driven by Richard Kemp, 31, of Columbus.

Driver Arrested

Police arrested Allan on a charge of reckless driving and slated him for appearance in Municipal Court today. He told police he fell asleep at the wheel and collided with the Guear car before seeing it.

In another collision, James E. Boggs, 30, of 114 Latourette St. was charged with failure to yield the right of way. His car and another driven by Clarence Crisp, 28, of Mansfield collided at 668 E. Center St. at 11:52 a.m. Saturday while Crisp was attempting to make a left turn.

A collision at Mark and N. Prospect Sts. at 7:57 p.m. Saturday involved cars driven by Louis A. Persig, 65, of 450 Evans Rd. and George D. McElroy, 38, of 588 N. Main St.

The two remaining accidents in the city resulted in total damage of less than $100.

Four Hurt in Crash

Ralph Q. White, 52, of near Marion was one of four persons injured Saturday in a two-car collision on U. S. Route 23, three and one-half miles south of Marion. Highway patrolmen from the Marion post investigated two traffic mishaps in the county Saturday afternoon and Sunday.

White, who suffered a severely bruised right leg and bruised lip, was taken to Marion City Hospital for treatment.

Driver of the second car, Alberta Harris, 31, of Zanesvillel sustained cut and bruised knees and a jaw abrasion. Passengers in her car, Mary Carleton, 56, of Zanesville, and Clara Miller, 45, of Toledo, were also injured and all three were admitted to the hospital.

Mrs. Carleton had head laceration and Mrs. Miller sustained a fractured jaw and laceration of the right knee. They were all reported in "good" condition at the hospital this morning.

Patrolmen said the accident occurred about 2:10 p.m. Sturaday when the southbound White auto attempted to turn left into a driveway. His car collided almost head-on with the Harris auto. Both cars were extensively damaged on the hoods, front ends and right sides.

White was charged with driving left of center and was cited to appear at a later date before Judge W. Dexter Hazen in Marion Municipal Court.

Car Overturns in Ditch

Earl Murphy, 16, of near LaRue, was charged with driving left of center at 8 p.m. Sunday, four and one-half miles east of LaRue, on Marion County Road 38, after his car overturned in a ditch. Patrolmen said the Murphy car was headed west on the county road when it went out of control on a curve, skidded across the road to the left side, then back across to the right side and turned upside down in a ditch.

Murphy sustained a bruised back and a passenger, William James, 15, of LaRue, had a laceration on his left hand, but neither was given hospital treatment. The top and both sides of the Murphy auto were extensively damaged.

Murphy was cited to appear before Juvenile Judge Edward J. Ruzzo at a later date.

LaRue Evangelist

REV. HENRY LELEAR of Canistea, N. Y., will be the evangelist at LaRue for a series of services at the Wesleyan Methodist Church beginning tomorrow night. The nightly meetings will continue through Sept. 12. Mr. and Mrs. Francis Penhorwood of Ashley will be in charge of music. Time of the services will be 7:45. Rev. Leonard Kittle, pastor, announced.

Democrats

(Continued From Page 1)

Saturday night that he did not know the permanent formula for keeping farmers prosperous.

"Perhaps," he said, "the solution does not lie in just the alternatives of the so-called flexible supports demanded by the administration and the 90 per cent supports."

The Democratic leader did denounce President Eisenhower for what he called a "cynical and total breach of promise" to farmers in obtaining enactment of the new law based on flexible price supports. Under this law, price guarantees are high in time of shortages to encourage production and low in times of surpluses to discourage overproduction.

'Stabilizing Influence'

His own feeling, Stevenson said, was that the war-born high supports should have been kept "at this time" as a stabilizing influence.

Current supports, due to expire at the end of the year, are at 90 per cent of parity for major crops. Under the new law, they may vary from 82.5 and 90 per cent in 1955 and from 75 to 90 after that. Parity is a price declared by law to be fair to farmers in relation to prices they must pay.

Most of the Democratic leaders attending the conference said they felt 90 per cent supports were necessary. Among those expressing that view in open meeting were U.S. Senators Humphrey of Minnesota and Gillette of Iowa, former U.S. Sen. George McGill of Kansas, and former Secretaries of Agriculture Claude R. Wickard and Charles F. Brannan.

Cool on Farm Views

Party members favoring high supports cheered Stevenson's attack on Eisenhower and the Republican - controlled Congress but they did not applaud when he said perhaps other solutions to the farm problem should be sought.

In their statement, the congressional candidates said, "We still stand squarely behind the 1952 Democratic platform which pledges our party to price supports at not less than 90 per cent of parity."

The statement added that President Eisenhower had promised "full parity" during his campaign but had "broken faith" with farmers in obtaining flexible floors.

38 Million To Bulge Nation's Schools in 1955

WASHINGTON (AP) — School bells will ring next year for a record 38 million students, says Commissioner of Education Samuel M. Brownell.

Brownell gave this estimate of the 1954-55 enrollment in U.S. schools and colleges in a weekend statement which listed the previous year's total at 36,114,900.

While this is the 10th straight year the number of students has climbed, the education commissioner said still bigger numbers are on their way to class because of high birth rates since early in World War II.

Airman Badly Beaten, Hold 2 Teen-Agers

MONTGOMERY, Ala. (AP) — A brutally beaten airman remained in serious condition today as Air Force and city officials prepared to take drastic action to halt a series of attacks here by teen-agers on military personnel.

Mayor W. A. Gayle and Col. James G. Pratt, wing base commander at Maxwell Air Force Base, scheduled a meeting today with other city officials and officers from Maxwell and Gunter bases.

The meeting was spurred by an attack Saturday morning on Hubert B. Ward of Montgomery, 21-year-old Maxwell airman, who suffered a brain concussion, probable brain hemmorrhage and possible fractures of the skull and face bones.

Ned Jones, 17, and Butch Williams, 14, were held without bond on charges of robbing and assaulting Ward. Jones was one of five teen-agers fined $100 each 10 days ago for attacking another airman.

Several high school students have been arrested in a series of recent incidents in which "Yankee" airmen reported they had been attacked for dating local girls. One airman said he had been tortured with lighted cigarettes by a group of teen-agers.

Driver Who Took Patrol Car Held For Morrow Jury

Chester Melvin Spencer Jr., 32, of Akron, bound over to the Morrow County grand jury Saturday morning on charges of stealing a state highway patrol car, is being held at the Morrow County jail in lieu of $5,000 bond.

Spencer appeared before Mayor Don Healea at Cardington Saturday after being arrested by State Highway Patrolman F. E. Scott of the Marion post. Patrolman Scott had been sent to Cardington Saturday morning to investigate an accident in which Spencer's car had struck a parked auto belonging to Mayor Healea.

While the state patrolman was investigating at the accident scene, Spencer drove off in the highway patrol car.

The Marion patrolman gave chase down Route 42 in a passerby's car and arrested Spencer just inside the Delaware city limits. Spencer appeared Saturday before Mayor Healea on a charge of auto larceny.

Hall

would not impede such prosecutions.

Eisenhower sent contratulations to the more than 100 GOP party leaders attending the conference here on their "determination to prepare thoroughly for the forthcoming campaign."

"Your workmanlike, determined, earnest approach to the crucial struggle before us is tremendously heartening to me and I am sure to all loyal Republicans everywhere," he said in a message to Hall.

Expresses Confidence

The President expressed confidence that Republican workers' "combined efforts this fall to continue to strengthen America at home and abroad will surely be crowned by overwhelming success."

Hall got down to cases with a prediction to a conference of Western committee members that the Republicans will gain from 15 to 25 seats in the House, where the lineup now stands at 218 Republicans, 213 Democrats, 1 independent and 3 vacancies.

He said that in his view "the Senate looks better than the House," so far as Republican chances go, since he said several Democratic senators — including Humphrey in Minnesota and Paul Douglas in Illinois — are seeking re-election in states where the Republicans have control of the state governments.

Rips Attack on Ike

Hall sailed into the Democrats for what he called "shameful" and "indecent" attacks on Eisenhower in connection with the President's order to the Atomic Energy Commission to go ahead with a contract with the Dixon-Yates syndicate for a private plant to produce power in the Tennessee Valley Authority area.

Stephen Mitchell, the Democratic national chairman, has called this a "raw deal" because he said the power could be produced by the TVA for millions of dollars less.

As other Republican leaders have, Hall stressed a peace-and-prosperity slogan for GOP candidates.

He said the Eisenhower administration had "stopped inflation dead in its tracks" while at the same time making a readjustment from the Korean War economy to a peacetime economy.

"Militarily, our forces have been shrewdly redesigned and deployed to meet any global threat," he declared. "Our crushing military budget has been personally scrutinized by a soldier-president who knows his country's needs.

"Best of all, we are at peace, with a good expectation of remaining at peace instead of being swept into wars caused by fumbling diplomacy."

Crawford Sheriff Continues Search For Galion Knifer

GALION — Crawford County Sheriff Elwood F. Jacobs' office is continuing "checking out leads" in the Thursday knife attack on Mrs. Wilbur W. Knipp, 25-year-old Galion housewife, and her five-year-old daughter, Linda.

Mrs. Knipp remains in "satisfactory" condition at Galion City Hospital where she was taken for treatment of stab wounds in the chest and back and shock. Linda was released Saturday from the hospital after being treated for stab wounds.

The young mother told Sheriff Jacobs that a youth, about 18 or 19 years of age, forced his way into her home Thursday morning, saying he wanted money. When Linda started whimpering, Mrs. Knipp said the intruder grabbed a butcher knife and a paring knife and stabbed her and the girl.

She described the youth as being about 5 feet 7 inches tall, having blond or light brown hair, was very slender, and had a smooth complexion. He was wearing blue denims, a long-sleeved shirt with a pin-stripe running through it, brown loafers, and blue gloves. Sheriff Jacobs reported Mrs. Knipp told him.

Several youths have been questioned by the sheriff.

3 Ohioans Held For Robbery in Massachusetts

CLEVELAND (AP)—Three youths from Mentor-on-the-Lake were being held in Peabody, Mass., in connection with a filling station robbery there, Cleveland police said last night.

Officers said the three also admitted holding up a Cleveland bar last July 10 and stealing five autos in Cleveland and Lake County.

They were identified as Charles Bradbury, 21, David Bell, 19, and a 16-year-old boy.

According to police, they stole three cars in Painesville and one in Cleveland before entering the bar and taking $94 from the proprietors. They ditched the fourth car in a woods near Youngstown when a Trumbull County sheriff's cruiser surprised them, but stole another car nearby and escaped, police said.

The gas station holdup was at Enfield, Mass., and netted about $100. But they were caught after they had an accident with another stolen car—their eighth, officers here reported.

McCarthy

(Continued From Page 1)

Vogeler is the American businessman whom the Hungarian Communist government imprisoned two years ago.

'Just Good Friend'

A reporter asked whether Vogeler will join McCarthy's Senate investigation subcommittee staff or have any part in the hearings.

"Bob is just a good friend," the senator said.

A special bipartisan committee headed by Sen. Watkins (R-Utah) planned a closed-door meeting later in the day to complete plans for the scheduled start tomorrow of public hearings on a resolution to censure McCarthy for what Sen. Flanders (R-Vt) has charged was conduct "unbecoming a senator" and tending to bring "disrepute" on the Senate.

On another front, the three Democratic members of the Senate Investigations subcommittee sought to complete before a 5 p.m. deadline their minority report on the 36-day McCarthy-Army hearings which ended last June 17.

Majority Report Filed

The subcommittee's four Republican members already have filed their sealed majority views on what, if anything, was proved of the charges and countercharges McCarthy and top Army officials flung at each other under oath.

The majority and minority findings and separate opinions of individual Republican and Democratic senators will constitute the "verdict." The over-all document is expected to be so bulky it may take until Wednesday morning to print it for distribution.

Before flying East last night, McCarthy told newsmen at planeside he would meet today with the censure committee, but he complained "the hearing is holding up our investigations of Reds and other undesirables in the defense industries and services."

McCarthy is regular chairman of the Investigations subcommittee.

Sen. Mundt (R-SD) took over just for the McCarthy-Army probe.

Steamship Hits, Sinks Tug, 7 Believed Lost

LE HAVRE, France (AP)—The 15,602-ton steamship Atlantic split a harbor tug in two today and sank it with a possible loss of seven lives.

Flying the flag of Panama, the Atlantic was being maneuvered through the harbor entrance by two tugs. During the operation the steamer collided with one of the small craft, the Abeille No. 4.

The split tug sank immediately. Four crewmen who were on the bridge or on deck were saved. Seven others were missing.

The cause of the accident was not immediately known.

New Sales Record Sighted

Boating Industry in U.S. Is Booming

By SAM DAWSON

NEW YORK (AP)—Some auto dealers are having their sales problems. But the boating industry isn't.

Sales are booming this year as some 23 million Americans take to the rivers, lakes and bays. Dollar sales volume seems headed to a new record and into the billion dollar bracket for the first time.

The National Assn. of Engine & Boat Manufacturers estimates that sales are running 25 per cent ahead of last year's record 800 million dollars.

Becoming Family Venture

One New York dealer in Marine engines says his sales are double last year's. A hot item this year is the runabout that holds the entire family and sells under $500. Boating becomes more and more a family venture.

In the putt-putt section of the industry, the Outboard Boating Club of America estimates sales of outboard motors this year at around 120 million dollars, a 20 per cent gain over 1953.

About four million outboards are putting around now. The club puts production of new ones this year at one half million and expects 957 output to reach 700,000.

In Milwaukee, 1957 is the target of the Evinrude Motors Division of Outboard, Marine & Manufacturing Co. of Waukegan, Ill. It is doubling the floor space of its plant, after having seen its sales climb 178 per cent since 1951.

Continuous Testing

W. J. Webb, general manager, says: "Manufacturing motors for boat owners is a continuous job of engineering and testing. We analyze the market's potential two years in advance of production of a single new motor."

Webb is now planning the schedule to start in October 1956 the industry thinks of its year as running from Oct. 1 to Sept. 31 to meet what Webb sees as the likely demand for the summer of 1957.

His optimism traces back to the fact that in the last four years outboard boating fans have increased in number four fold.

John W. Mulford of Detroit, president of the National Assn. of Engine & Boat Manufacturers, says members report that this year buying has leaned strongly toward motors ranging from 16 to 25 horsepower.

The growing eagerness of Americans to skim over the water is traced to many things: Continuing and wide-based prosperity, more leisure time, larger families, revival of family life and the trend to participating in sports rather than watching them.

Mulford reports that newspaper advertising managers note that the boating craze has swelled local boating linage totals this year in goods and services as well as in vessels and motors.

And Webb reports on two other booming sidelines: Kit cruisers are now being completely fabricated by local boat builders for assembly by amateurs; and the boat trailer industry has grown from five companies making 5,000 boat trailers in 1948 to 25 firms making 125,000 this year.

The sales trend this year is born out in a spot check of distributors around New York. George Shongut, Mamaroneck, N. Y., reports sales of Chrysler marine engines so far this year is double last year's. John F. Creamer of Wheels Inc. reports a 20 per cent gain in sales of Mercury outboard motors.

Among makers of outboard motors reporting sales gains of from 10 to 40 per cent this year are: Evinrude, Kiekhaefer Cor. of Fond Du Lac, Wis.; Scott-Atwater o. and Champion Motors Co., both of Minneapolis.

Schools at Bucyrus Will Start Wednesday in Earliest Opening

BUCYRUS — Bucyrus schools open Wednesday, the earliest opening date in recent years. There will be a second section of the second grade in operation at Central School because of the unusually large class enrollment, School Supt. I. J. Miller reported today.

The earlier opening date was approved by the board of education recently to permit more holidays during the regular school year. The last day of school is scheduled for May 27 when commencement also will be held.

Supt. Miller expects a first grade enrollment of about 260 and kindergarten enrollment of around 270.

County School Supt. S. K Sollars said today that classes in the county's ten rural consolidated schools will open Tuesday, Sept. 7.

There are two new superintendents in the county system. At Holmes-Liberty, William Donnenwirth, a Bucyrus native and a member of the faculty for several years, has been promoted to superintendent. He succeeds Sewell Cameron, who now is superintendent at North Baltimore. New superintendent at Chatfield is Carroll W. Biggs. He succeeds Charles Overholser, who has accepted the superintendency at Campbellstown, O.

Bucyrus High School has a new principal. He is Robert Latta, 39, former superintendent of Mechanicsburg schools. He succeeds Franklin H. Laman, who resigned earlier this summer to become principal of Burnham High School at Sylvania, O. Laman came here three years ago from Wapakoneta-Blume High School.

In addition to Latta, three teachers have been hired, including one elementary and two high school to take care of increased enrollment. There also have been four replacements, three in the grades and one in high school.

Lemon Called Candidate for Valuable Player Award

Hurler Registers 20th Win As Cleveland Sweeps Pair

BOSTON (AP)— Manager Al Lopez of the American League-leading Cleveland Indians today touted his ace pitcher Bob Lemon, first 20-game winner of the 1954 season, as a good bet for the loop's Most Valuable Player award.

Lemon, just an average infielder who developed into one of baseball's top pitchers, ran his season's mark to 20-5 yesterday with an eight-hit, 6-2 verdict over Boston in the opener of a doubleheader. The Indians won the nightcap 8-1.

The husky right-hander thus became a 20-game winner for the sixth time in the past seven seasons. He turned the trick in 1948-50 and 1952-54.

It was his 11th straight triumph after a midseason letdown caused by a back injury suffered while swinging a bat against the New York Yankees. The injury affected his pitching for a while, but his terrific form since that time has been a tremendous factor in the Indians' surge toward the pennant.

"If Lemon wins five or six more games," Lopez said, "he'll be hard to beat for the Most Valuable Player award."

The Cleveland pilot quickly added that his Indians boast several other possibilities in heavy-hitting Larry Doby, sparkplug Bobby Avila and 1953 MVP choice Al Rosen.

Doby leads the American League in homers with 28 and runs batted in with 108. Avila's .333 batting mark is second only to that of New York's Irv Noren. Rosen is batting .284.

"They're all doing a great job," added Lopez, "but if Lemon keeps up at his present pace, he's going to be awfully hard to beat for MVP honors."

Should Lemon get the MVP crown, he'll be only the fifth pitcher to do so in 24 years. The others are Lefty Grove, Spud Chandler, Hal Newhouser (twice) and Bobby Shantz.

Backing Lemon's work yesterday were three-run rallies in the sixth and seventh innings. Boston took a 1-0 lead on Jackie Jensen's 21st homer in the third inning. But Cleveland surged ahead in the sixth when Al Smith doubled and Bob Avila scored him with a single, and then Larry Doby hit a two-run homer for his 28th this season.

Vic Wertz, who later homered in the nightcap, started off the three-run seventh inning with his 10th home run. Avila drove in another run in that frame with a single and Doby drew a walk with the bases loaded to account for another counter.

In the nightcap, Art Houtteman hurled his 14th victory as his teammates came through with 10 hits.

Al Rosen got things going in the second inning when he walked, advanced on an infield out and scored on Wally Westlake's single. Later in the same inning, Houtteman singled home the second Cleveland run for all the margin he needed.

Cleveland made two more runs in the third, with the help of Wertz' 11th home run. They added one in the fifth, two in the eighth and one in the ninth, the final tally on Rosen's 22nd homer.

Cleveland's Ray Narleski is to go to the mound today in the final contest of the two-game series. In his only start for the Tribe, Narleski lost to Chicago, 3-0. His opponent will be Willard Nixon, who has lost four to the Indians this year.

Softball Titles To Be Decided In 3 Leagues

Marion's Little World Series picture will clear up this week as championships are decided in the Industrial, Church and Commercial softball leagues.

Trinity can win the Church League title tonight by defeating St. Mary. However, a Trinity loss coupled with an Epworth win over Greenwood would leave Trinity and Epworth tied for the league crown.

Championship of the Commercial League will be decided Tuesday night when Smitty's All-Stars and Mac's Trading Post collide. Smitty's won the first round championship, Mac's the last round.

Eaton and McMillen are fighting it out for honors in the last round in Industrial League No. 2. A McMillen win over Eaton Wednesday night will leave both club's tied for the last round title while an Eaton win will settle the last round crown outright. McMillen and C & O shared the first round crown.

Erie No. 1, which won the first round of Industrial League No. 1, attempts to cop the second round Thursday night. An Erie loss and a Marion Power Shovel win over Marion Metal would leave both squads tied for the last round.

Winners in each league will play in the local Little World Series.

Little Indians Near To Pennant Sweep

By The Associated Press

The Indianapolis Indians, the only leaders the American Association has known this season, are but a few steps away from a successful start-to-finish pennant sweep.

The Indians, who split a doubleheader with Kansas City Sunday, can cinch the pennant with any combination of four Indianapolis victories or four losses by second-place Louisville.

Indianapolis made a runaway of Sunday's opener, 14-4.

The Blues came from behind to tie the scheduled 7-inning nightcap 2-2 in the seventh and then won 3-2 in the ninth.

In other Association activity:

Bill Kennedy and Herschell Freeman teamed to pitch a 7-3 Louisville victory over Toledo, allowing six hits between them.

Vern Benson hit a homer, triple and single and Barney Schultz hurled four scoreless innings in relief as Columbus, who had lost six straight to Charleston, finally beat the last-place Senators 5-3.

St. Paul's Wade Browning permitted Billy Klaus a lead-off homer, then blanked Minneapolis the rest of the way on four more hits for a 5-1 Saint win.

Yesterday's STARS

Batting—Dusty Rhodes, New York Giants, wasted two triples in opening game 5-4 loss to St. Louis but blasted two homers and two doubles to lead Giants to 7-4 second game triumph over Cardinals. His six extra base hits in doubleheader tied major league record.

Pitching—Bob Lemon, Cleveland Indians, became first pitcher in the majors to win 20 games this season, scattering eight hits for his 11th straight as Cleveland defeated Boston 6-2. The Indians also won the nightcap 8-1.

Sam H. Harris, successful Broadway theatrical producer, began as manager of prizefighters. One of his most successful charges was Terry McGovern who won both the bantamweight and featherweight titles.

'Klu' Paces Reds With 2 Home Runs

CINCINNATI (AP) — The interest was high today on whether terrible Ted Kluszewski will win the National League home run marathon.

Mighty Theodore slammed his 38th and 39th homers yesterday as the Redlegs trimmed the Philadelphia Phils, 3-2 and 8-4. Kluszewski's feat temporarily overshadowed interest in the Cincinnati effort to assure a fourth-place finish.

The Rhinelanders are now two full games ahead of the fifth-place St. Louis Cards.

Kluszewski is tied with the New York Giants' Willie Mays in home run production. Along with his homers, one in each game, Ted got two singles, scored three runs and drove in three.

Kluszewski has now hit 11 home runs this month, has hit safely in 11 straight games and has collected 33 hits in his last 83 trips to the plate. He has also set a record for extra bases for one season by a Cincinnati player, 150, five more than his own mark established last year.

In running their current victory streak to four, the Reds got sparkling support from the pitching, hitting and fielding departments.

Art Fowler outmastered the great Robin Roberts in the opener to notch his 11th win, scattering six Phillie blows. Ed Bailey hit his ninth home run in the seventh inning of the opener and Jim Greengrass smacked his 26th in the nightcap.

Fred Baczewski got credit for the nightcap, and he and reliefer Frank Smith were helped along by Chuck Harmon who swatted a pair of doubles and a single, drove in two runs and scored one. The Reds got 13 hits off four Phil pitchers in the second game.

Boy-Girl Bout Set at Armory

A double main event is carded for this Thursday's wrestling program at the Marion Armory.

A mixed boy - girl tag team match sends Judy Glover and Dick Torio against La Chona La Claire and Frank Hurley.

Miss La Claire is from Cuba while her partner, Hurley, claims the heavyweight championship of Australia.

Miss Glover is from Texas and her partner is the former Olympic wrestling star from the University of Toledo.

Bull Montana takes on Frankie Taylor in the other main event. Both matches will be best two-out-of-three falls and 90 minutes long. Action will get underway at 8:30 p.m.

Vern Gagne won the U. S heavyweight title match over Art Neilson in Friday's wrestling card at the Coliseum. Gagne won in two straight falls, the first on a disqualification.

Farmer Jones won over Bull Montana and Danny O'Sullivan and Dick Torio drew with Billy Fox and Gino Angelo in a tag team match.

BUD'S WIN TITLE

UPPER SANDUSKY — Bud's Sport Shop won its third consecutive Industrial League Softball championship with a 4-3 victory over Steiner's Implement in the final league game of the season, Friday night, on the Harirson Smith Park Diamond.

DR. JOHN B. VORNHOLT won the Marion Country Club golf championship yesterday with a 6-5 victory over Gilbert Herr in the 36-hole finals. Vornholt (left) is shown receiving congratulations from Herr. All even after nine holes, Vornholt jumped to a three-up lead after 18 and closed the match on the 31st with a par. Dr. Richard Morgan won the class B championship with a 3-2 victory over Les Van Dommelen and Bob Bagley defeated Bill Short, one up, for the Class C title. Mrs. Mae Frazier won the women's title last week.

Tuesday at Stadium

Prexy Gridders To Play Upper in Practice Game

Pleased with his squad's showing against Galion in a scrimmage tilt Saturday morning here, Coach Pete Howison was today preparing his Harding Presidents for another scrimmage game Tuesday.

Howison said this morning he was satisfied with his varsity's showing against Galion in the hour and a half scrimmage at the Stadium and said the squad looked "pretty good."

Howison started what figured to be his first team at this time and played the first-stringers a good share of the game. Practically the entire varsity squad of 32 was used in the game excepting four or five, Howison said.

Howison summed up his team's performance by saying it was "pretty good all the way."

Upper Sandusky will be at the Stadium Tuesday for a 4:30 p.m. scrimmage with the Prexies.

Coach Howison will be sending his varsity squad through final two-a-day drills this week and will be switching to afternoon practice sessions when school starts next week. Less than two weeks remain before Harding receives its first taste of actual football action in the preview with Lorain here Saturday, Sept. 11.

Krohmer Finishes Fourth at Raceway

Marion's Bill Krohmer finished fourth in the 20-lap feature and third in the first heat race at the Tiffin Raceway Friday night.

Krohmer was beaten in the first heat event by Clarence Ray of Forest. Bob Harris of Bucyrus won the semi-feature 15-lap event and was third in the fourth heat race. Another Bucyrus driver, Forest White, was second in the fifth heat event.

One more Friday night racing session remains before the Tiffin Raceway switches back to Sunday afternoon programs. The state championship race is scheduled this Sunday.

Bach Quits Steeler Position; Kiesling Named New Coach

OLEAN, N. Y. (AP)—Balding Joe Bach quit last night as head coach of Pittsburgh's National Football League entry and line mentor Walter Kiesling, self-styled "old man" of the coaching staff, moved up to replace him.

In announcing Bach's resignation, President Art Rooney of the Steelers said:

"The pressure is just too tough now. In the old days a win or loss didn't matter too much. Now it's a cold-blooded business."

The Steelers had just returned to their training camp after dropping their third straight exhibition game—the last one to the Green Bay Packers 36-14, at Pittsburgh Saturday night.

Bach, 53, who had been coaching for nearly 30 years, joined the Steelers for the 1952 season.

SPEED BOWL CLOSED

Announcement that the Marion Speed Bowl will be closed for the remainder of the season has been made by Roy Hobson, promoter. Sunday's races there were cancelled because no water truck was available to water the track.

'Kid' Rates Favorite in Title Match

NEW YORK (AP) — Welterweight champion Kid Gavilan goes after his 100th victory Wednesday night as a 1-2 favorite to beat Brooklyn's Johnny Saxton in a title bout in Philadelphia.

Beaten in his first bid for the century by middleweight king Bobo Olson last April, the Kid is supremely confident he will give the 24-year old Saxton a sound drubbing.

The 15-rounder in Connie Mack Stadium will be the clever, 28-year old Cuban's eighth defense of the 147-pound crown he won three years ago from Johnny Bratton. Bratto, too, was the last man to challenge the Keed for the welter crown and Gavilan whipped him handily in November.

The cocky Saxton believes Gavilan is ready to be taken and he's the one who can do it. Solidly built and catlike in his movements, Saxton uses a crowding style which normally gives Gavilan his most trouble. The champ likes to set his own pace.

Saxton has 43-2-2 record. His two losses — to Gil Turner and Del Flanagan—were by split decision.

Johnny Lombardo, the free-swinging Mount Carmel, Pa., welter who held Saxton to a draw on Aug. 4, meets Denmark's Chris Christensen in a 10 at Brooklyn's Eastern Parkway Arena tonight.

ABC will telecast the bout at 9 p.m., EST.

The headline 10 at New York's St. Nicholas Arena tonight matches a pair of hard-hitting heavyweights in Bob Satterfield of Chicago and Frankie Daniels of Bakersfield, Calif. Satterfield, the No. 6 light heavyweight contender, has flattened 28 of his 53 opponents. Daniels' kayo record is 15 out of 31. This one doesn't figure to last long.

After the usual summer break, Friday night boxing returns to Madison Square Garden and television with heavyweights Cesar Brion and Charley Norkus the attraction. This year when the garden is occupied by other shows, the Friday night fights will be beamed out of Philadelphia, Montreal and other cities.

Browns Get Paul In Redskin Swap

SAN FRANCISCO (AP) — Addition of halfback Don Paul to the Cleveland Browns will make the going tougher for a couple of Ohio rookies trying to land halfback jobs on the squad of 33 that will open the National Football League schedule in Philadelphia Sept. 26.

Tom Pagna of Uniontown, former Miami star, and Burrell Shields, Clevelander who played for John Carroll, were the two to feel the pressure of the deal which sent rookie fullback Dale Atkeson and rookie end John Carson to the Washington Redskins for Paul.

Of the 39 players now on the Browns' squad, six will have to be cut in the next four weeks.

Paul, 28, played four seasons with the Chicago Cardinals who traded him to the Los Angeles Rams last winter. The Rams then swapped him to the Redskins, but Paul refused to join the team in Detroit after Joe Kuharich replaced Curly Lambeau as Washington's head coach. Paul reportedly had quarreled with Kuharich when the latter was coaching the Cards.

Tribe Pace Terrific

Doubts Over Pennant Grow In Minds of Yankee Players

By JOE REICHLER

The New York Yankees aren't conceding the American League flag to Cleveland but the first seed of doubt is beginning to grow in the minds of the defending champions.

This suspicion was gleaned from a remark by Allie Reynolds, veteran Yankee pitching star who helped in all five consecutive championships.

"If they (the Indians) continue at this terrific pace," he said, "they deserve to win."

Reynolds was referring, of course, to Cleveland's sensational .721 winning percentage, a pace never before attained by an American League club. Should the Indians continue at this pace through the end of the season, they will smash the league record of 110 victories turned in by the 1927 Yankees.

The Yankees, traveling at a 690 pace, a feat never before reached by a runner-up club, defeated the Chicago White Sox 4-1 yesterday but they lost ground to the Indians. While the Yankees were winning their sixth straight, the Tribe was extending its own consecutive victory string to 10 in Boston's Fenway Park, walloping the Red Sox twice, 6-2 and 9-1.

This gave the Indians a four-game lead over the Yankees. Both teams have 25 left to play.

The National League pace continued to tighten as the oncharging Brooklyn Dodgers whipped the Braves in Milwaukee 12-4 and 11-4 to pull up to 1½ games behind the front-running New York Giants. The best the New Yorkers could do was gain a split in St. Louis after dropping an 11-inning 5-4 decision to the Cardinals. They overcame a 3-1 deficit to win the nightcap 7-4.

Cincinnati's Redlegs strengthened their hold on fourth place, defeating Philadelphia 3-2 and 8-4. Chicago's Cubs came from behind twice to sweep a twin bill from Pittsburgh 7-4 and 4-1.

In a wild double-header marred by a free-for-all, the Detroit Tigers took two from Philadelphia's Athletics 14-3 and 2-1 and wrested fourth place from the Red Sox by one percentage point. Baltimore, fresh from 16 losses in its last 17 games, surprised Washington with 8-4 and 5-0 victories.

In Boston, Bob Lemon scattered eight hits in the opener for Cleveland. It was his 11th straight victory and made him the majors' first 20-game winner. He and teammate Bob Feller are the only active six-time 20-game winners.

Until the sixth, when the Indians erupted for three runs on homers by Larry Doby (No. 29) and Vic Wertz (No. 10), Lemon was hooked up in a 2-2 pitching duel with rookie Tom Brewer. Wertz hit home run No. 11 in the second game to help Art Houtteman gain his 14th triumph with a six-hitter.

The Yankees finally beat Virgil Trucks on the hitting of Yogi Berra and the pitching of Whitey Ford. Ford hurled a neat six-hitter for his 15th victory. Berra doubled in the first two runs and scored another. Trucks has whipped the Yankees three times, two by shutouts.

A capacity crowd of 45,922 crestfallen Braves fans witnessed the Dodger sweep that dropped third-place Milwaukee 7½ lengths behind the Giants. The turnout boosted Milwaukee's home attendance to 1,841,666, setting a new National League record for the second successive year.

The Dodgers blasted 11 Milwaukee pitchers for 29 hits in the double-header. Four of them were homers, two by Duke Snider, one by Gil Hodges and one by Rube Walker. Snider batted in three runs in each game. The Brooks rang up eight runs in the 11th inning of the opener after the Braves had rallied for two runs in the ninth to tie the score at 4-4. Billy Loes breezed to his 11th victory in 14 decisions with a nine-hitter in the nightcap.

Alex Grammas' 11th-inning single drove in the winning run for St. Louis in the opener after Stan Musial's second homer of the game had tied the score in the 10th inning. Dusty Rhodes, whose two triples had gone to waste in the first game, led the Giants' attack in the second with two homers and two doubles. Willie Mays hit his 39th homer for New York in the opener.

Ted Kluszewski smashed two homers, his 38th and 39th, to tie Mays for the league lead in Cincinnati's double win. Rookie Art Fowler outpitched Robin Roberts, Philadelphia's 18-game winner, in the opener.

Bob Wilson hit two homers, one a grand-slammer, doubled and drove in six runs to help Steve Gromek win his 15th game for Detroit. Gromek precipitated a near riot in the ninth when he charged out to Marion Fricano after the Philadelphia pitcher had hit him with a pitched ball in the ninth. Gromek threw several punches before the two combatants wrestled to the ground. Players from both benches joined the fracas. After peace was restored, both pitchers were ejected.

Oriole catcher Clint Courtney backed up Joe Coleman's shutout pitching against Washington with five hits in five times at bat in the nightcap. Cal Abrams and Gil Coan had three hits apiece in Baltimore's first-game victory.

Coffee was discovered in the ninth century in Arabia, where it was consumed as a medicine.

National Amateur Helps Walker Cup Selectors

Champ Palmer, Sweeny Head Probable Team

By HUGH FULLERTON, Jr.

DETROIT (AP)—The final round of the 1954 National Amateur went a little way — but not far enough— toward relieving the United States Walker Cup team selectors of their biggest headache in two years.

In the new champion, Arnold Palmer, and runner-up Bob Sweeny, the selectors found rather unexpectedly a pair of golfers eminently qualified to represent the United States in international competition.

But they still were left with the task of picking a representative 10-man team from a rather nondescript group of candidates. And they have comparatively little time in which to do it.

The 15th international match for the Walker Cup is to be played at St. Andrews, Scotland, next May 20-21. Since there's very little important amateur competition left this fall and none before the team must be picked next spring, the selections must be made on the recors as they now stand.

Out of 13 amateurs who made up the last two U.S international teams — the 1953 Walker Cup and 1954 Americas Cup — only three made any sort of showing in the 1954 Amateur at the Country Club of Detroit last week.

What's more, outside of Palmer no new players have established themselves firmly enough to be sure of selection.

Three of the 13 established internationalists didn't get past their first matches here last week. Three others went out in the third round. One didn't even start and three others aren't currently available for such competition.

From the records, Dale Morey, 1953 runner-up to Gene Littler, and Don Cherry, Bill Campbell and Billy Joe Patton are the most likely choices to team up with Palmer and Sweeny. Morey and Cherry lost to the eventual finalists in this year's quarter-finals. Campbell reached the round of 16 for the third straight year. Patton, though eliminated earlier, can stand on his masters and open records.

NEW CHAMPION. This is the victory smile of Arnold Palmer, 24, of Cleveland, the new National Amateur golf champion. Palmer turned back 43-year-old Bob Sweeny of Port Washington, N. Y., in the finals at Detroit.

Troy Man, 44, Charged With Death of Boy

SIDNEY, Ohio (AP) — Prosecutor Rodney R. Blake said he will arraign Robert J. Howard, 44, of Troy, in municipal court here today on a charge of first-degree murder.

Blake said Howard admitted Saturday in a signed confession he knocked 12-year-old Leroy Urban Francis Jr., unconscious, rolled him down a bank and into Loramie Creek near Piqua Thursday.

A coroner's report said the Piqua youth died of drowning.

Blake said Howard admitted he and Francis struggled after the older man made sexual advances. He first told authorities the boy fell out of his car parked beside the creek and struck his head on a rock in the creek.

The prosecutor said he secured the confession after Howard was confronted Saturday with results of the lie-detector test.

Stay on Alcatraz Best Part of Life, Guard Says

WASHINGTON — (UP) A man who spends 13 years in Alcatraz might call it a "long stretch."

But to Army M-Sgt. Parrott Davis, now retired and living in ease at San Lorenzo, Calif., it was not a sentence.

"The 13 years I spent on the rocks," he says, "were the best years of my life."

Davis was sent to Alcatraz as a guard in 1919. At that time, he got orders placing him on detached service with the U. S. disciplinary barracks on the island. Davis stayed there until 1933 when Alcatraz was changed from a military prison to a civilian coop for dangerous criminals.

Sons Jailed

OLEAN, N. Y. — (UP) — Two brothers found themselves in the county jail recently because of a visit they paid their father.

The two, Joseph Vaughn, 43, and Gilbert Vaughn, 32, were given six-month jail sentences for roughing up their father, Walter Vaughn, during the visit.

The father, who instituted the complaint, later asked the presiding judge to "go easy on my boys."

The first permanent settlement in the state of Washington was Ft. Vancouver, built in 1825.

700 Chemicals Go On, Into Vegetables

PHILADELPHIA — (UP) —There's not much chance of a fruit or vegetable reaching your table these days without it being bleached, polished, preserved, stiffened, softened or tenderized by some sort of chemical, according to Dr. W. E. Harrisson.

Dr. Harrisson, director of the La Wall and Harrison Research Laboratories, told a meeting of the American Chemical Society that some 700 chemicals are presently used in food production. And he said modern methods call for a "planned scientific attack from the field to the dinner table."

But Dr. Harrisson emphasized there is little need to worry today about crops being sprayed with mixtures of arsenic, lead, copper and sulphur as was done 50 years ago.

"In those days we paid little attention to spray residues on grapes, apples or other crops and thus were exposed to chronic or even sometimes acute poisoning,"

Paulding Man Found Slain in Filling Station

PAULDING, Ohio (AP)—Police today questioned a 27-year-old Urbana, Ind., man who they said told them he was asleep in a car at the gas station where Harley Parson, 47, was shot to death yesterday.

Parson's body was found in a washroom with three bullet wounds in the head. Police said no money was taken from the cash register and no weapon was found.

Parson operated the all-night gas station and ice cream stand on U. S. 127 just south of here.

The Indiana man was quoted by police as saying he heard no gun shots while sleeping in his car. He said he had asked permission earlier to sleep at the station.

Parson was married and the father of three children. His body was found at 6 a. m. Sunday by four youths who stopped for gas. Two of the youths were from New Lebanon and two from Trotwood, both in the Dayton area. The four were released yesterday after questioning by police.

2 Get Suspended Fines On Petty Theft Charges

Two Marion men were given suspended fines of $25 and costs in Marion Municipal Court Saturday when they pleaded guilty to charges of petty larceny.

Robert D. Specker, 21, of near Marion and Donald Underwood, 30, of 655 E. Church St. were charged with taking merchandise from the Montgomery Ward Store while employed there. Specker was accused of taking a lantern valued at $17 and Underwood with taking 30 used tires, 5 gallons of oil, and an automobile battery with total valuation of $55.

Both had pleaded not guilty when the charges were filed in June.

SALEM POST SECOND

WASHINGTON (AP) — Columbiana County Post 56 of Salem, Ohio, yesterday was named second in the American Legion band contest. Harwood Post 5 of Joliet, Ill., took first place for the ninth straight year. The Salem band scored 86.88 points out of a possible 100.

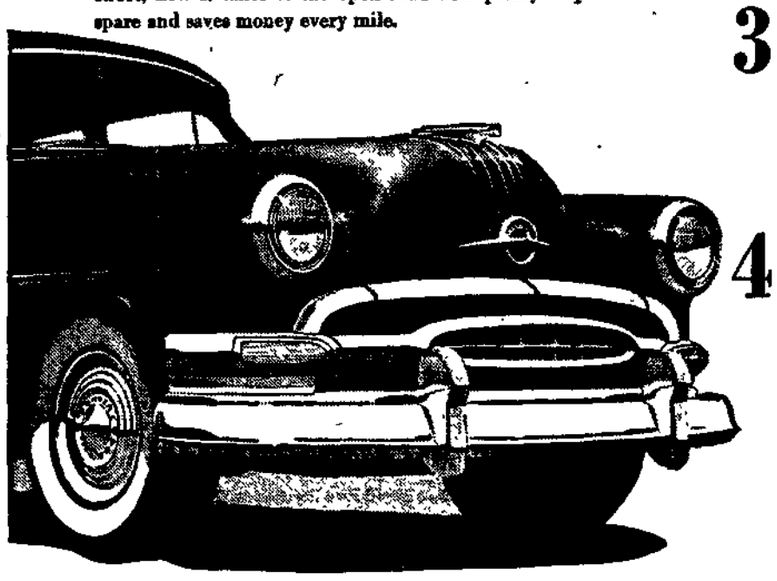
4 Important Reasons why you should buy a PONTIAC
RIGHT Now!

1 Pontiac is One of the Greatest Cars Ever Built!
Match today's Pontiac with America's finest cars and you'll get a dramatic picture of Pontiac value. First of all, Pontiac is big—bigger, in fact, than many cars costing hundreds of dollars more. Pontiac is beautiful—with its distinctive Silver Streak styling. Inside, you'll find genuine fine-car luxury and appointments—along with the roominess and comfort that come only with a long wheelbase. But the big surprise comes when you test Pontiac's performance. See how alert it is to every demand in traffic, how it handles and corners almost without effort, how it takes to the open road with plenty of power to spare and saves money every mile.



2 Pontiac has the Best Resale Value in its Price Class!
Along with all its fine-car size, luxury and performance, Pontiac has a very special attribute no car at any price can beat—its unsurpassed reputation for year-in, year-out dependability. Pontiac's carefree, economical long life and its proved record of amazingly low maintenance expense are so widely known and acknowledged that it commands the highest resale value in its price class. Because Pontiac is America's most desirable used car, your original investment comes back in greater measure when you trade, making ownership cost even lower.

3 Pontiac is Priced Just Above the Lowest!
After you've convinced yourself of Pontiac's value, after you've considered all the good things you've heard about its dependability—see and compare it dollar-wise. Despite the fact it's a fine car in every sense of the term, it's priced so near the lowest that if you can afford any new car you can afford a Pontiac.

4 We'll Make You a Deal You Can't Afford to Miss!
Right now we're making such liberal trade-in allowances that you just can't afford to pass up the greatest opportunity you ever had to become a fine-car owner. Come in and get the facts.

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

POLICE TO REUNITE PAIR

INDIANAPOLIS (AP) — Police arranged yesterday to reunite a hitchhiking 6-year-old girl with her Ohio mother, Mrs. Florence L. Campbell, 42, of Bowling Green, Ohio. The mother said she and the girl, Elsie Mae, accepted separate rides in trucks near Hope, Ark., because they had too much baggage to ride together. She said they planned to go to Bowling Green to the home of her father, James Farley. The girl was put out of the truck before the driver was arrested for drunk driving in Arkansas, police said. The drivers had planned to meet here.

Paar in the Morning

It's nice to see Jack Paar land a job which has an air of reasonable permanence about it. Paar has been in the summer replacement business, which is a good business to get out of if you can.

J. CROSBY

Starting as Jack Benny's summer replacement — Benny discovered him in the Army — Paar has floundered around in every sort of format from giveaway quizzes to straight comedy. He has always been a funny fellow, though frequently misguided and sometimes more than a little bitter.

Now mellowed by seven years of wandering in the back alleys of radio and TV, Paar has landed a first-rate job as emcee of CBS' "Morning Show" and is doing a first - rate job of it. Over at CBS when the "Morning Show" (CBS-TV 7 a.m. EDT daily) started, the boys were quietly boasting: "We can do anything better than NBC if we really go to work."

-:-

IT DIDN'T WORK OUT that way, though, Dave Garroway's "Today" maintaining a comfortable lead — especially in the sponsorship department — over CBS' "Morning Show." With Paar replacing Walter Cronkite as emcee, the emphasis of the "Morning Show" has been rather drastically altered away from news, which was Cronkite's specialty, to entertainment, which is Paar's.

In a way it's a quiet victory for NBC since Paar is a lot closer to Garroway than Cronkite was. Paar is a pleasant, glib, slow - spoken, self - assured individual with a sense of humor distinctively his own. It's a mordant humor, sometimes a morbid one.

He likes, for example, to review "The Worst Movie of the Week" like "The Girl in the Pink Tights With the Crazy Red Shoes." This one is about a ballerina rehearsing on a rooftop who falls 102 stories. The doctor tells her "You may never dance again."

One day, announcing that he was a magician, he stuck a sword into a sack which was stuffed with what looked like a human being. There was a piercing scream. "Did you ever have one of those days when everything goes wrong," remarked Paar. Then peering into the sack, he muttered: "Poor thing — and she just wanted to get into show business. Don't call us; we'll call you."

-:-

WELL, THEY'RE ALL old gags and they don't submit very well to print but Paar performs them with an engaging impishness that is a lot of fun to the viewers. The rest of the time Paar trades badinage with Betty Clooney, who has a lot of her famous sister Rosemary's charm but not anything like her pipes; with Pupi Campo, a Cuban musician with an accent who is being converted into a comedian, or with the unseen floor directors and technicians whom he loves to heckle.

When he runs out of breath, which is seldom; Miss Clooney sings or iBll and Cora Baird's marionettes cavort around to recorded music. The Baird marionettes are magnificently ingenious but I must admit I can get enough of them. I suppose one can always turn his eyes back to his oatmeal and just listen to the music.

Like "Today," the "Morning Shoe" goes in heavily for news and weather. I have yet to meet anyone who is specially interested in the fact that they're having thunder showers in Monroe, La., unless he lives there — but still we're given this information faithfully every morning.

-:-

THE NEWS IS STILL very capably handled by Charles Collingwood. Collingwood has been a busy man this summer. Along with his "Morning Show," he has been taking Edward R. Murrow's place at 7:45 p.m. on CBS radio. On this show he occasionally departs straight news to deliver a little essay on something that strikes his fancy.

On Christian Dior, for example: "Only a dressmaker by trade, Monsieur Dior can yet accomplish more changes in the outward appearance of the female form than a whole academy of geneticists working for a millenium . . . This Nero of needlework, this Caligula of couture, has been seized by another whim and with a power equal to that of any Roman emperor he will transform an entire sex into a parody of the era of the flapper."

In fact, these little essays are so good that I wish he'd do something like that on the "Morning Show."

Philadelphia Workers Refuse To Join Union

PHILADELPHIA (AP) — Harry Zimmerman, co-owner of a cleaning and dyeing shop, wants his employes to join a union but they say they're satisfied the way things are.

Zimmerman's shop is being picketed by a union because the shop is nonunion.

The co-owner said he tried to order his four employes to join the union but was told by a social service agency that "I was breaking every law on the books."

SAVE SOME FOR ME. An aged Vietnamese refugee looks on impassively while youngster eats from plate of rice and fish served him aboard the U.S. troop transport Montrose. The Montrose is one of the ships moving refugees from Haiphong to Saigon in the mass evacuation from Northern Indochina before the Communists take over.

Yachts Threatened By Runaway Boat

BRISTOL, R. I., (AP)—A 16-foot skiff with an outboard motor threw two fishermen overboard yesterday and ran wild near 100 sailboats off the Bristol Yacht Club.

To keep from getting hit, Edward J. Sanchas and Joseph Martino, both 24, had to dive underwater each time their boat roared by with its throttle wide open. Two Bristol rescue squad boats made a vain attempt to halt the rampaging craft.

The men finally swam to a sailboat as two Coast Guardsmen in a motor launch pursued the circling boat. One finally grabbed the bow and the other jumped aboard and shut off the engine.

About 40 per cent of Yale undergraduate students receive some form of scholarship or other financial aid from the university.

Plan Big Air Show

DAYTON, Ohio, (AP)—The Air Force is promising the "largest and most complete" display of Air Force equipment ever presented when the National Aircraft Show opens here Sept. 4.

On view will be "the latest" experimental craft as well as guided missiles and jet fighters, the Air Force said.

Boat Upsets, 54 Missing

MANILA (AP) —The Philippine News Service reported today that 54 persons are missing after a motor launch capsized and sank yesterday in Illana Bay off Zamboanga del Sur province.

Sixty persons were reported aboard and six survivors were said to have been picked up today.

Michigan ranks fifth among the states in the value added by manufacturing.

Crestline

St. Joseph's Catholic Church was decorated with lighted candelaba, palms and gladioli for the wedding of Miss Dorris Oliphant, daughter of Mr. and Mrs. T. R. Oliphant, and Thomas D. Linn, son of Mr. and Mrs. O. C. Linn, of Crestline, which took place at 1:30 p.m. Saturday. The Rev. Fr. J. B. Fralick performed the ceremony.

Given in marriage by her father the bride wore a white nylon lace gown over bridal satin, fashioned with a tight bodice and a portrait neckline. The long tight sleeves came to a point over the hands and the full skirt fell into a long chapel train. Her finger tip veil of nylon silk illusion was attached to a Juliet cap of lace and satin. She carried a cascade bouquet of white gardenias.

Miss Dolly Linn, sister of the bridegroom was maid of honor. Her gown was of nymph green faille taffeta, fasioned in princess style, with a bolero jacket.

Mrs. Eugene Bishop of New Washington, sister of the bride, in a gown of taffeta creme de cocoa color, and Miss Mary Joan Nolder, in a gown of golddust colored taffeta, served as the bridesmaids. Their gowns were fashioned identically to that of the maid of honor. Each carried cascade bouquets of pom poms matching their gowns.

William Linn served his brother as best man and two other brothers, James and Lawrence Linn, seated the guests.

Mrs. Oliphant wore for her daughters wedding a mauve colored dress of lace, with which she combined black accessories. Mrs. Linn wore a dress of royal blue lace and silk crepe, with pink hat and black accessories. Both wore corsages of pink rose buds.

A reception was held from 2 to 4 p.m. in the Legion Home. A four-tiered wedding cake, tall white tapers, wedding bells and gladioli were used as decorations. When the couple left for a wedding trip through Michigan, the bride wore a toast-colored suit, with autumn brown accessories and a gardenia corsage from her bridal bouquet.

Upon their return, they will reside in Athens. Both the bride and bridegroom are graduates of Crestline High School and the bride recently resigned her position at the Wilkins Air Force Depot. The bridegroom served four years in the U. S. Navy and is a sophomore at Ohio University, Athens, majoring in electrical engineering.

Fourteen ladies of Trinity Evangelical Lutheran Church went to Williston Wednesday, to visit the Williston Home of Mercy where Miss Susan Helfrich, a member of the local church, is making her home. A covered dish dinner was served by the ladies in honor of Miss Helfrich. The remainder of the day was spent in visiting.

Upper Sandusky

Married at Wesley Chapel Church, near Upper Sandusky, at 5:30 p.m., August 21, were Miss Jo Ann Wyss and Leon Rowe. Rev. Floyd Stevens read the double ring service.

The bride is the daughter of Mr. and Mrs. Harry Wyss of Sycamore, and was a Sycamore High School graduate with the class of 1952. For her wedding she was attired in an ice-blue street-length dress of rayon faille with a matching bolero jacket, trimmed in rhinestone and pearls.

The groom, son of Mr. and Mrs. Elbert Rowe, of near Upper Sandusky, attended Upper Sandusky High School and is a veteran of seven years of service with the United States Navy.

Attendants were Miss Margie Bowen and Bill Rowe, brother of the groom. A reception after the ceremony was at the home of the bride's parents.

Bucyrus

Mrs. Alistair Clubb was elected president of the Women's organization at the Bucyrus Country Club at the annual reorganization meeting held Thursday.

Ohter officers are: vice president, Mrs. Herbert Loewy; secretary, Mrs. Jack Arnold; assistant secretary, Mrs. George Schaefer; treasurer, Mrs. John Gebhardt; social committee, Mrs. James Gebhardt, chairman, Mrs. Walter Michael Jr., and Mrs. William McGraw Jr.; golf chairman, Mrs. J. Girl Hurt When Scooter Upsets

Mishap One of Two In Morrow County

Twelve-year-old Kathryn Slack of Syracuse, O., sustained skin burns on her right leg and knee Sunday at 4:20 p.m. when a motor scooter she was driving went out of control on U. S. Route 30-S in Morrow County.

The mishap was one of two investigated outside Marion County over the weekend by state highway patrolmen from the Marion post.

The motor scooter upset seven-tenths of a mile east of the Marion-Morrow County line in Morrow County, throwing the Slack girl to the pavement. She was taken to Marion City Hospital for treatment. The motor scooter was slightly damaged.

Cars driven by Leonard Jerels, 18, of Akron, and Darl Root, 18, of Spencer, O., sideswiped on Route 42, one-tenth of a mile north of Cardington, at 12 35 a.m. Sunday. No injuries were reported and damage was minor to both cars.

Grain Quotations

CHICAGO (AP) — Wheat opened firm on the Board of Trade today but the rest of the market had a mixed pattern.

Wheat started unchanged to ¾ higher, September $2.14¾-⅞, corn ¼ lower to ⅛ higher, September $1.65⅞-¾, oats unchanged to 1⅛ higher, September 74¾ and soybeans 2¾ lower to ½ higher, September $3.03½-3.02.

According to University of Texas engineers, Texans aren't comfortable in temperatures above 91 degrees.

POLIO-STRICKEN COUPLE MARKS ANNIVERSARY. Encased in chest respirators, a polio-afflicted farm couple observed their 15th wedding anniversary at Elizabeth Kenny Institute at Minneapolis, Minn. Mr. and Mrs. Kenneth Knutson of Canby, Minn., parents of four, were admitted to the institute two weeks ago. To help them celebrate, the institute staff baked an angel food cake and decorated it with anniversary greetings. Chief therapist Vivian Hannan shows it to the smiling couple. It was a double occasion for Mrs. Knutson. She was removed from an iron lung Wednesday.

N.Y. Stock Quotations

NEW YORK (AP)—The stock market was lower today with trading interest picking up on the decline

Losses in some instances went to between 1 and 3 points. There were few gains of any importance in the list.

Trading hit a rate of around two million shares for the day. That compares with a low 1,740,000 shares traded Friday when the market managed to make a little progress.

Aircrafts were active and lower, and also down were such key sections as the railroads, steels, motors, oils, chemicals, radio-televisions, rubbers, and utilities.

Dropping away were Youngstown Sheet & Tube, Chyrsler, Montgomery Ward, Bell Aircraft, Boeing, General Dynamics, Republic Aircraft, Radio Corp., American Telephone, Western Union, General Electric, Northern Pacific, Chesapeake & Ohio, Standard Oil (NJ), and Loew's.

After the justice department over the weekend frowned on mergers, Youngstown Sheet & Tube opened off 1⅜ and then slipped further for a loss of between 2 and 3 points. Behtlehem, which is talking merger with Youngstown, was down between 1 and 2.

Letter Carriers Open Convention in Cleveland

CLEVELAND (AP) — The National Assn. of Letter Carriers, whose members recently learned they would get no pay raise this year, opened its 39th biennial convention here today

The question of wages ranked high on the list of convention business as some 10,000 delegates represented approximately 103,000 letter carriers in the nation.

Congress recently approved, a five per cent pay boost for postal workers, but President Eisenhower vetoed the increase. The President said he felt a pay raise would be unwise since Congress failed to authorize a boost in postal rates.

All log-type picnic tables used in New Hampshire state parks are made by New Hampshire residents in a fully-equipped carpenter shop at Bear Brook State Park.

Sabina Man Top Horseshoe Tosser

COLUMBUS, Ohio (AP) — Harold Reno of Sabina, Clinton County, won the Ohio horseshoe pitching championship at the Ohio State Fair yesterday.

The event leads up to the eastern national open horseshoe tournament to be held at the fair this week. Reno won the title after playing off a tie with Harry Sibert of Dayton. Reno, Sibert and Paul Focht, Dayton, 1953 state champion, all will enter the national event.

$100 Taken by Thief In Burglary of House

Police today were looking for a burglar who, they believe, hid in the Shanty Town Bar at Hocking St. and Senate St., then burglarized the home of the bar's owner.

At 8 15 p.m. Sunday, Charles Keuchler of 696 Hocking St. reported someone had ransacked his house and escaped with about $100 from coin savings banks and cigar boxes, as well as a wrist watch and a movie camera. Police believe the thief hid in the bar after closing time and entered Keuchler's house when he failed to fid any money in the tavern.

Police are also seeking a sneak thief who took a box of cigaret lighters from the Terzo Sundries Store on Bellefontaine Ave. Sunday morning. The lighters were valued at $35.

New York Tops States In Number of Veterans

WASHINGTON (AP) — New York State had an estimated 2,080,000 veterans on June 30 to lead all states, statistics of the Veterans Administration showed today.

There were an estimated 20,850,000 veterans of all wars living on June 30, with 20,662,000 of them in the continental United States. Another 143,000 resided in U.S. territories and possessions and 45,000 were in foreign countries.

Ohio had 1,143,000 veterans.

Two Persons Hurt In Crash at Forest

FOREST — Two persons were taken to San Antonio Hospital at Kenton with injuries suffered early Sunday in a one-car crash on U. S. Route 30-N, five miles west of the Route 37 intersection and two miles northwest of Forest.

Raymond Rich, 24, of Cuyahoga Falls, driver of the car, and a passenger, Eleanor Long, 24, of Cantor, were taken to the Kenton hospital in a Shields ambulance. Rich suffered lacerations and abrasions of the left knee and arm and the Long woman sustained lacerations of the face and both knees.

State patrolmen from Kenton said apparently Rich went to sleep at the wheel of the eastbound car, which crashed into a bridge abutment and wound up in a ditch.

Absence of Clear-Cut Issues Hampers Both Parties in Bid To Win Congress

This is the fifth and last of a series of stories reviewing the session of Congress just ended.

By JACK BELL

WASHINGTON (AP)—Worried voters may well pick a divided Congress or give the winning party only slim control when they fill 435 House and 37 Senate seats in the Nov. 2 election.

As it shapes up now, the campaign for control of the two houses—whichever way it goes—looks like an undramatic battle where the tide of local skirmishes revolving around the personalities of individual candidates may go a long way toward influencing final results.

Although President Eisenhower will do a limited amount of campaigning, the impact of the presidential personality on individual races can't be calculated too accurately in advance.

Politicians in both parties say the people still "like Ike"—but whether they will take his advice when they trek to the polls remains to be seen.

—:—

ALMOST EVERY CANDIDATE who comes back from the hustings reports that the voters are puzzled and disturbed. They shudder at the possibilities of atomic attack, they wonder whether an economic recession is in the offing, worry about the attitude of America's allies and are apprehensive about possible Communist infiltration at home.

This kind of indecision makes for no clearcut campaign pattern, although Republicans essentially are running on a "peace and prosperity" platform and Democrats on the contention "big business" has taken the government away from the little fellow.

Consequently, many politicians believe that developments in the next two months—and not what the Republican-controlled Congress did in its last two sessions—may become decisive.

Unless these developments are startling, there may be only a slight change in either direction. The House lineup now stands at 218 Republicans, 213 Democrats, one Independent and three vacancies. The Senate count is 48 Republicans, 47 Democrats and one Independent.

—:—

ALTHOUGH EISENHOWER has insisted that what he calls his "dynamic, progressive" program is the main issue, politicians generally think that foreign and farm policies and the internal anti-Communist developments may be more compelling.

Generally speaking, the two parties have drawn a clear issue on farm price supports. Eisenhower won a congressional battle to switch from rigid, high level to flexible supports on basic field crops.

The effect of this, in dollars and cents, means that on the basis of present price relationships the government-supported price of wheat would be cut from $2.50 to $1.11 a bushel, corn from $1.82 to $1.60, cotton from 35.09 cents to 33.29 cents a pound and peanuts from 13.6 to 10.8 cents a pound.

Those crops are grown in a wide range of places where members of Congress are being elected. A drop in government supports is not likely to be welcomed if it results in a further decline in farm income.

—:—

BUT THERE ARE MANY political imponderables involved. The Eisenhower program will set aside a big chunk of the surpluses now piled up. Drought may cut production.

Some of the smartest politicians seem to believe that the argument over flexible and rigid price supports is largely academic. Their argument is that if farm prices show some advance and further prospects of going up, the Republicans will benefit, especially in the key midwestern areas. If prices go down, the Democrats can be expected to cash in politically.

The same sort of economic slide rule appears to apply in a general way to the urban vote. If business is good and employment is up in October, Eisenhower will have justified his criticism of Democratic "prophets of gloom and doom." Some Democrats concede privately their chances in close states and districits will be lessened by the kind of prosperity they themselves want the country to enjoy.

—:—

CONGRESS AND THE Eisenhower Administration took some strides toward keeping the economy at a high level for the rest of the year. Most significant step, perhaps, was the reversal of what the Democrats called the Administration's "hard money" policy.

Congress cut taxes $1,363,000,000 and it will be up to the voters to decide whether Eisenhower was right in contending that encouragement of investment, new plant construction and incentive to increase industrial payrolls was the right way to do it.

Democrats stand committed to the proposition that taxes on individuals should have been reduced more, contending that the administration followed the "trickle down" theory of giving big business a break.

Congress expanded the social security program and increased its benefits. While both parties supported this election year move, Eisenhower seemed to have gone a long way toward offsetting Democratic contentions that the Republicans only wanted to go back to horse and buggy days.

—:—

WHILE THE Republicans promised to balance the budget, neither the Administration nor Congress accomplished that and a five billion dollar deficit may be rolled up in the current fiscal year. Republican candidates won't have much to talk about on that score.

Whether the Eisenhower Administration has cleaned up the "mess" in Washington remains for the voters to decide. It has reduced the federal payroll and has turned up some housing scandals.

But the general theme of the GOP "mess" charges of 1952 revolved around the alleged infiltration of Communists into the government. In the field of rooting out subversives, the results remain highly controversial.

Democrats challenge vigorously the Republican claim that more than 2,400 federal employes have been separated from the service as "security risks."

Democrats grabbed the ball in Congress' most noteworthy encounter with the Communist issue, tacking to a labor union infiltration bill a measure to ban the Communist Party.

—:—

AS THE LEGISLATION finally was signed by the President, the party would be denied legal rights but it would not be a crime to be a member of it, as the Democrats first proposed.

The Republicans' controversial Communist hunter, Sen. McCarthy (R-Wis), is busy defending himself in investigations directed at his activities by the Senate where the Republicans hold nominal control. Republicans are split over McCarthy, who can count some Democratic followers.

That McCarthy and his activies constitute an issue in some states seems apparent to most politicians. But few of them believe that the balance of power in the new Congress will be swung by either pro-McCarthy or anti-McCarthy candidates.

Recently some Democrats have indicated strong belief that foreign policy may play a large part in the voters' decisions. They say many voters are uneasy because of international setbacks dramatized by the apparent collapse of the European Defense Community (EDC) and by the truce in Indochina.

—:—

EISENHOWER took occasion in his report to the nation earlier in the week to tell the people not to be too discouraged about the situation in Europe, adding that "we certainly are not licked" there.

He said that "in Indochina war has ceased, under circumstances that are certainly not satisfactory to all of us." But he said that "at least we have an opportunity to tackle that problem of getting a concert of nations that will make that whole region safe and more secure for freedom."

The Administration's decision to withdraw four divisions from South Korea is expected to be popular with the families of men in the armed services.

The Democrats, however, have made an issue of the contention that the Administration is reducing American military strength. The Administration's anwer is that it is getting more combat strength for less money.

There are many other issues, such as public vs. private power policies, the failure to revise the Taft-Hartley Act and Congress' refusal to go along with proposed tariff cuts that will be exploited by some candidates.

But none of these issues holds the widespread interest nor the vote stirring power of, for instance, the meat shortage of 1946 when the Republicans won control of the 80th Congress.

Some national issue of this character may yet arise. In its present absence, there is no sign of any overpowering trend for either party.

Here's the car that's changing History

The sales standings of a generation have been changed—by Buick. For Buick today is outselling all other cars in America—*regardless of price class*—except *two* of the so-called "low-price three." And each month's sales figures strengthen Buick's new position.

Here's the 3-way Bonus you get in Buick today

1. **Advanced styling**—styling you *know* is sure to show up on other cars in the years to come. So you *know* you have in Buick the car that's sure to stay fresh and new-looking long into the future. And that means you're bound to be way ahead at *trade-in time.*

2. **Better Buy**—for just a few dollars more than you'd pay for one of the so-called "low-price three," you get in Buick a whale of a lot more power, room, comfort, ride steadiness and solid durability—plus the new-day styling that includes the broad panoramic windshield.

3. **Top Allowance**—with our great and growing sales volume, we can—and do—share our success with you in the form of a higher trade-in allowance on your present car. Drop in, see and drive Buick the beautiful buy—and see for yourself how our volume business means a far bigger allowance for you.

Here's the price that proves Buick's the Buy

$2247.35 * delivered locally!

*4-door, 8-passenger SPECIAL Sedan, Model 48D, Illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice. Even the factory-installed extras you may want are bargains, such as heater & defroster . . . only $81.70.

Now's the time to make your buy because—Buick Sales are Soaring!

Police Force Wins Over Giant Turtle

TROY, N Y — (UP) — The saga of "The Two Cops and the Snapping Turtle" had its setting in nearby Cohoes

Long accustomed to chasing down everything from the conventional robber to stray horses, dogs and cows Cohoes police nevertheless were startled when an urgent alarm sent them in pursuit of a 25-pound snapping turtle

The gigantic snapper had wandered into the city from its Mohawk River home and was holding a circle of curious youngsters at bay

The undaunted police went to the rescue risking loss of a finger or two to the four-inch jaws of the refugee from the river Succeeding in flipping the turtle over, the peace defenders lassoed the protruding neck dumped the turtle into an iron drum and carted it back to its home in the river.

Traffic Crashes Kill 15 in Ohio Over Weekend

Two Drownings, Other Accidental Deaths Boost Fatalities to 23

By The Associated Press

Twenty-three persons lost their lives—15 of them in traffic—as a result of accidents in Ohio over the weekend.

A majority of the dead were under 30, with eight children included in the toll. Two men over 70 were struck and killed by cars.

A four-year-old Columbus girl fell from a ramp during a children's fashion show at the Ohio State Fair and was fatally injured. Two persons drowned. Five other deaths were ascribed to miscellaneous causes.

The Associated Press survey began at 6 p. m. Friday and ended at midnight Sunday.

Deaths by days:

Friday night

Howard Spencer, 16, Pennsville, Morgan County, in jeep crash on Ohio 377 near McConnelsville.

Mrs. Ethyl Tyler, 68, Elyria, when her parked car rolled over her as she stepped out of the vehicle in Elyria.

William E. Gereding, 73, Cleveland, struck by a hit-skip driver in the city.

Matthew Barney, 26, Riggs, Ky., in two-car collision on U. S. 23 south of Marion.

Jack Gray, 33, Detroit, drowned attempting to swim the Ohio River in Cincinnati.

Lee J. Bartlett, 20, Newton Falls, hit by car in that city.

Saturday

Donald E. Votaw, 29, Akron, car hit by train in Akron.

Daniel Gaydash, 18, Cleveland, in four-car collision in city.

David Thompson, 7, Tallmadge, Summit County, struck by car near home.

Pamela Armstrong, 4 months, Cincinnati, fell from crib in home.

Bonnie Lynn Strensrude, 14 months, Berlin Center, Mahoning County, struck by car backing out of driveway.

Sandra Ann Klemens, 2, Youngstown, fell under wheels of father's car in driveway.

Ralph Craft, 25, Bethel, drowned in private lake at Cincinnati.

David W. Jones, 25, Pontiac, Mich., in a one-car crash on U. S. 68 near Zenia.

Sunday

William Noonan, 70, Columbus, died of injuries received Saturday when hit by a car at Columbus.

Paul F. Schwabrow, 32, Dayton, when car struck tree and upset north of Piqua.

Dale Hahn, 14, Warren, when car hit tree off Ohio 5, six miles west of Warren.

Donald M. Bernier, 32, Youngstown, when a light plane crashed after takeoff at Byrd Airport in Youngstown.

Kim Alison Leaver, 11 months, Cincinnati, electrocuted when she poked a finger into an electrical outlet at grandmother's home.

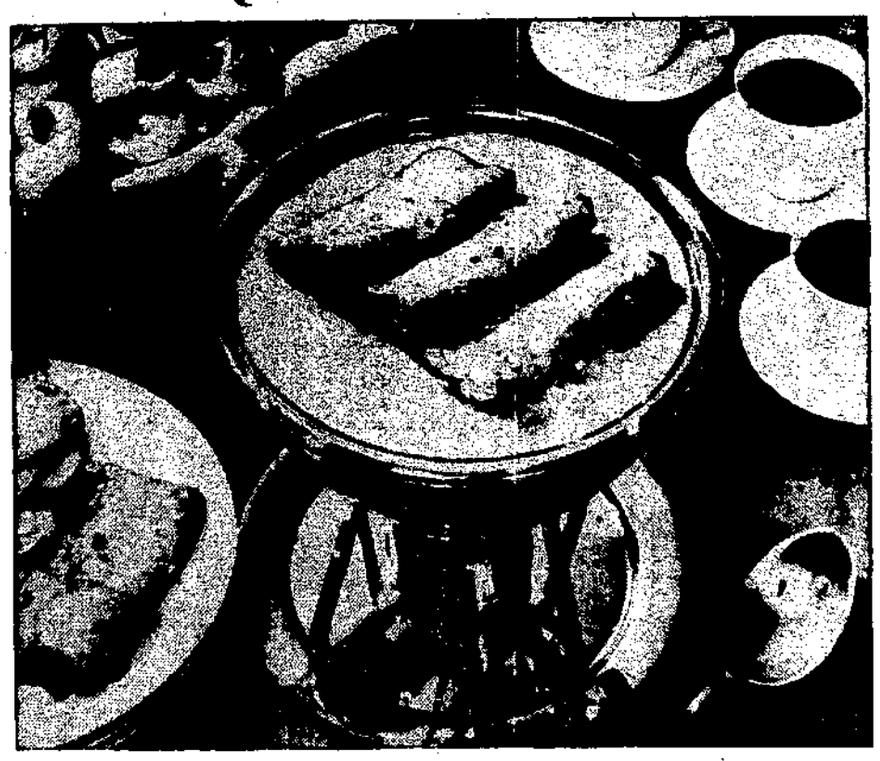
Mrs. Bertha Webb, 31, Dayton, when car hit tree on a county road 12 miles west of Dayton.

Walter A. Martin, 37, Dayton, struck by a train in the city.

Elizabeth Rupp, 4, Columbus, died Sunday of injuries received Saturday when she fell from a ramp during a children's style show at the Ohio State Fair.

Charles E. Blake, 3, son of Mr. and Mrs. Eldon Blake of Greenfield, in a two-car accident near Lancaster.

Attractive Quick Dish Made of Fish Fillets



It's smart to have some frozen sea food on hand for those times when you want to prepare a meal in a hurry.

This recipe calls for lightly breaded fish fillets. They turn a golden brown making a very attractive dish.

For an easy to make fish fondue, use:

1 12-oz. pkg. frozen breaded ocean white fish fillets
2 tbs. butter or margarine
1 can condensed cream of tomato soup, undiluted
½ cup milk
1 cup grated process American cheese
1 tbs. minced onion
½ tsp. dry mustard
¼ tsp. aromatic Angostura bitters

Saute fish fillets in butter in chafing dish or skillet, turning to utes on each). Combine remaining brown on both sides (about 2 min- ingredients in bowl; blend well. Pour over fillets in chafing dish or skillet and cook, covered, over low heat, until mixture is bubbling hot and cheese melted—about 10 min. Makes 4 servings.

Two Calls Answered By City Inhalator Squad

Two inhalator calls were answered by city firemen over the weekend, but in neither case was use of the instrument necessary.

At 7 p.m. Saturday firemen were called to the residence of Kenneth Mitchell of 575 Euclid Ave. His seven-month-old daughter, Dinah, was suffering from hiccups. Before the firemen arrived, a neighbor had supplied relief to the child and the attack had ended.

At 12:05 a.m. Sunday men were summoned to the home of Mr. and Mrs. Maurice Swartz of 189 St. James St. whose 15-month-old son had been suffering from convulsions while cutting teeth. He had recovered and the inhalator was not used.

In the 1840s U. S. railroads employed water boys to distribute ice water in passenger cars.

School Teachers Slated Workshop for Sunday

A workshop for Sunday School teachers, parents, and others interested in children will be sponsored by the Child Evangelism Fellowship of Marion Wednesday afternoon at the YMCA.

Mrs. D. E. Wisner, a specialist in the field of teaching and a former instructor in the Kansas City Bible College, will be in charge. She will discuss various methods of presenting to children Bible stories and songs including flannelboard and object lesson work. Time of the meeting will be 1:30. Miss Dorotha Goyer is director of the Child Evangelism organization here.

Triplets Enroll At Penn State

Trio of Girls First in 100 Years at College

STATE COLLEGE, Pa. (AP)—Pennsylvania State University has enrolled its first set of triplet girls in its 100-year history.

They are Julie, Jean and Joyce McCloskey.

The task of telling the three 17-year-old girls apart has been somewhat simplified: they don't dress alike and they are taking different courses. Julie will study home economics; Joyce, art education; and Jean, elementary education.

"Our family wants us to develop individual personalities," Julie explained.

Now residents of State College, the girls are natives of Washington, D.C., and lived in Richmond, Va., and Morgantown, W.Va., before coming here last September.

8 out of 10 Automotive Engineers who formerly used 'premiums' tell us:
NEW BLUE SUNOCO
matches or excels premium-priced gasolines for MILES PER GALLON
In addition, 95% report New Blue Sunoco matches or excels premium-priced gasolines for over-all performance. Yet New Blue Sunoco still sells at regular gasoline price.

Following the introduction of New Blue Sunoco, we invited a large group of automotive engineers to try this new gasoline in their cars. Then we asked them for their reactions. Of the original 1,384 who tried it, we received answers from 1,042.

9 out of 10 say New Blue Sunoco equals or excels "Premiums" for power and pick-up
To us, a very significant group were those who had previously used a premium-priced gasoline. They compared New Blue Sunoco, selling at regular gas price, with premium-priced brands costing up to 3¢ more per gallon. 93% said New Blue Sunoco equals or excels "premiums" for power and pick-up.

8 out of 10 say New Blue Sunoco equals or excels "Premiums" for Anti-Knock Performance
Of those who compared New Blue Sunoco against premium-priced brands, 80% said it was equal or superior to the "premiums" for anti-knock performance.

42% already users of Blue Sunoco
We were pleased, but not surprised, to discover that more engineers reported they were already users of Blue Sunoco than reported using *all other premium gasolines combined.*

Follow the lead of Automotive Engineers, the men who know most about cars—use New Blue Sunoco in *your* car.

COMPARISON CHART
This is what automotive engineers reported after comparing New Hi-Test Blue Sunoco with premium-priced gasolines in their own cars.
FOR OVER-ALL PERFORMANCE: 95% say NEW HI-TEST BLUE SUNOCO EQUALS OR EXCELS "PREMIUMS"
FOR ANTI-KNOCK PERFORMANCE: 80% say NEW HI-TEST BLUE SUNOCO EQUALS OR EXCELS "PREMIUMS"
FOR POWER AND PICK-UP: 93% say NEW HI-TEST BLUE SUNOCO EQUALS OR EXCELS "PREMIUMS"
FOR MILES PER GALLON: 84% say NEW HI-TEST BLUE SUNOCO EQUALS OR EXCELS "PREMIUMS"
Results of Automotive Engineers' reports compiled by nationally-known firm of certified public accountants.

AMERICA'S GREATEST GASOLINE VALUE

How Sun's one-grade policy gives you high-test performance at regular gas price
Sun Oil Company produces only one grade of gasoline. This policy saves on storage tanks, trucks, pumps. These savings are invested in research and new, improved refining processes which enable us to produce a gasoline with high anti-knock power especially designed for high compression engines, and sell it at regular gas price.

Refreshments, Cash Taken in Two Break-Ins

Two break-ins in the county over the weekend were reported to the Marion County sheriff's office Sunday, with a total of approximately $70 taken in merchandise and money.

Mrs. Roy Hobson of near Marion told deputies that about $14 worth of gum, potato chips, cigars, and pennies were taken from the Marion Speedway refreshment stand some time between Friday night and 10 a.m. Sunday.

Entry was gained by knocking out a piece of masonite in the window frame on the east side of the building.

The other break-in occurred some time between 6 p.m. Saturday and 8:30 a.m. Sunday at the Miller Transfer Co. office on Route 30-S east of Marion.

James Miller of 1031 E. Center St. told investigating deputies that he found the office door ajar when he went to the office Sunday morning. Entry had been made by breaking the pane of glass from a window on the west side of the building.

About $53 was taken from the cash register and a desk, and the files, desks, and cash register had been ransacked.

Pair of Thugs Routed By Priest From Ireland

NEW YORK (AP) — During his first week in this country the Rev. Gerald Butterly proved he knows how to handle Brooklyn thugs when they try to get tough.

Two men offered Father Butterly a ride and when he got into their car they tried to hold him up.

The priest, who arrived here from Ireland five days before, jumped out of the car, dragging one of the thugs with him. when the second man joined the sidewalk scuffle, the priest punched him too and both men then climbed into the car and fled.

"I can use my fists when I have to," the priest commented modestly after it was all over.

Singer, Wife Hurt

CHICAGO (AP) — Singer Frankie Laine and his wife suffered minor injuries yesterday in a traffic accident.

Laine was treated by a physician for a back injury and shoulder bruise, his wife for a bruise on her left arm.

Although Serius, the dog star, is not an exceptionally bright star, it is 28 times as bright as the sun.

SEEKS CONTROL OF MONTGOMERY WARD. Louis Wolfson, one-time Florida junk dealer, appears at press conference in New York, at which he said he would seek to gain control of Montgomery Ward & Co., a billion dollar-a-year Chicago mail order firm. He said he will challenge the leadership of 80-year-old Sewell L. Avery, chairman of the board. Wolfson who is 42, heads companies with 200 million dollars in assets. His announcement set the stage for a proxy fight to win stockholders to his side for a showdown at the annual Ward meeting in Chicago in April, 1955.

Many Seek, Few Obtain Homes In Historic Apartment House

NEW ORLEANS (UP)—To live in the oldest apartment houses in America is an honor sought by many, but attained by few.

The four - story, block - long Pontalba apartments flank historic Jackson Square Park in New Orleans, facing each other across the block-wide expanse.

About 175 persons live in the apartments with the comforts of a modern home and at much less expense.

The apartment houses were built in 1848 for that express purpose and thus gained the distinction of being "the oldest."

For $40, you can rent a four or five-room home. Or for $60 you can get more rooms, maybe on two floors with space unlimited, a balcony overlooking the park and domestic service.

The structures are rich with history and date back to Gen. Andrew Jackson who successfully defended the city against the British. It is for the general that the park is named. He also figured prominently in the buildings.

The Baroness Micaela de Pontalba was responsible for the buildings. Heartbroken by family trouble in Paris, she returned to New Orleans to build them. The domestic trouble included divorcing her husband, John Xavier Pontalba, whom she married at 15, and getting shot by her father-in-law who then killed himself.

She placed the buildings so that a statue of General Jackson always tipped his hat towards the windows of her apartment.

She was a great admirer of the general—although much younger and of another generation Legends say she was irked at him for spurning her love—and for this she haughtily forced his effigy to tip his hat to her.

In the ornate iron grillwork which flanks the balconies she had worked the initials "A" and "P" to signify the unhappy uniting of the Almonaster, her maiden name, and Pontalba families.

Each of the block-long structures was built in five separate units—with 14-inch walls and a firewall between each. The comforts today are many, for the thick walls tend to keep the apartments cool in summer, warm in winter.

Narrow staircases have been preserved and the inconvenience they cause in moving might be part of the reason persons living there often stay 20 or 30 years and the waiting list thus grows longer and longer.

The structures are of brick and mortar and hand-hewn logs, with iron grillwork, Italian marble fireplaces, fancy chandeliers and 14-foot ceilings.

At first, the lower floor housed businesses—shoe shops, bakeries, hat stores and other merchants. The second floor was living quarters, the third kitchen and dining and the fourth servant quarters.

Then the city moved away to put the business district along a block-wide canal that was filled in to become the main street. Like the rest of the French Quarter, the Pontalbas headed for decay. Goats moved in and took over the lower floors.

Resurrection came in the 1920's when artists moved in to become poachers. Other followed, none paying rents.

The real job of rebuilding to the original state did not arrive until the WPA in the 30's. The buildings were done over then by the public workers but failure of plumbing and wiring is still common.

An engineering formula rates one horsepower of machine energy as equivalent to the work of 20 men.

Annual School Workshop Will Begin Tuesday

Approximately 260 persons will attend the first sessions of Marions third annual pre-school workshop which opens Tuesday at Harding High School.

A noon luncheon for new teachers in the city schools will open the three-day workshop. Registration and educational displays will fill the afternoon program while Dr. E. E. Lewis, emeritus professor of education at Ohio State University, will speak at Tuesday's dinner meeting.

Highlighting the workshop will be educational displays in the main lobby of the school. Open to the public, the exhibits will show outstanding student projects, teaching aids and textbooks used in the city system.

Floyd Hofacker, director of the displays, said the exhibits will give a picture of activity in the schools. All texts used from the first through 12th grades will be shown, he said.

Workshop sessions will continue Wednesday and Thursday. Panel discussions, directed by leading Ohio educators, are scheduled in 10 areas of teaching.

The workshop's second dinner speaker will be Robert Lucas, director of field services for the Ohio Education Association. He will speak Wednesday evening.

H-Bomb Blasts Affected Sparrows, Japanese Says

MATSUYAMA, Japan (UP) — If the swallows don t come back to Capistrano, just blame the H-bomb

Prof Hideaki Shimizu of Ehime University here say fewer swallows returned to Japan s Shikoku Island from the South Seas this spring

He blamed American H-bomb experiments at Bikini which he believes are spreading radioactivity over the birds South Seas winter homes

For the survivors the trip to Japan is hardly wroth while these days, he added because insecticides are destroying the swallows' food supply here

ITHACA N Y (UP) — Cornell University has combined business and law in a new four-year graduate program

Cornell President Deane W Malott said the program is designed to meet a growing need for executives who understand both the law and also the problems of administration in large, modern organizations"

The program will allow students to combine work for the bachelor of laws and masters in business or public administration Five years ordinarily would be required to obtain the degrees separately

'Motorized' Army Used in Fight Against Desert Locust Swarms

RIYADH—(UP)—A desert army of about 10 000 men has the 1954 locust invasion of the Arabian Peninsula "in hand" according to the leading Middle East authority on locust control

Mohammed Hussein consultant for the Arab League and formerly top expert on locust control in the Egyptian ministry of agriculture said the infestation was widespread but was being attacked by the largest force and most modern techniques in history.

"The Saudi Arabian government assigned an exceptionally large number of men to the campaign this year" he said "There are 1,000 men working in control teams in the Riyadh area alone"

The Riyadh area in charge of Mohammed Hosni entomologist on loan from Egypt covers some 10 000 square kilometers Similar control areas exist in the Morat and Anaiza sections of the Nejd, and north and south of Jeddah in Asir

Most of the hoppers ended the fifth and final molting stage May and the town and wadi areas around Riyadh were swarming Hosni's "army," a good part of it motorized worked from an hour before dawn to late evening attacking the concentrations of voracious insects Insecticide sprayers mounted on trucks were employed for swarms in gardens and those trapped in built-up areas, but most of the campaign was waged with poison bran

Hosni said the control teams first seek out the egg-laying areas in wadi gardens or desert grass The same initial scouting operation is carried out for the first-stage hoppers For the nymphs, poison bran usually is scattered around shrubs and grass The 35 days before the hoppers fly is a busy period, in which the teams try to scout on the maximum number of infested areas and broadcast the amount of poison bran The poison is a benzine compound which is not fatal to animals

After the locusts are airborne the spotting is more difficult Usually the teams try to find the swarms before sunrise The swarms fly all day and roost all night, if they are near green vegetation at sunset, they will settle there, and by eating all night they can destroy almost any crop When they find no plant life they will eat wood or cloth

If the swarm is spotted on the ground, the control team tries to circle the area with bran, the helpers sowing it on foot After the circle is complete it is filled in with lines of bran cutting across the circumference If the area is too big the bran is scattered from the vehicles

Th most important aid in spotting hopper concentrations in the desert is the Bedouin

"After a rain" Hosni said, "you will find the Bedouin and their flocks everywhere They direct us to the area where the egg deposits or hoppers can be found But it wasn't always that way

"Years ago the Arab gave little help to the locust control teams and even resisted them They once believed that the end of the world would come when there were no more locusts.

"Of course, there was a reasonable basis for this belief The locusts always followed rain, and without rain, there can be no life in the desert and no grass for the camels Seven years of drought would certainly be the end of the world—for those who lived in the desert Sometimes they referred to the locusts hordes as "soldiers of Allah coming to attack the enemy" However, none of these traditions had any real religious significance

"There was another reason why the Bedouin probably resisted the early efforts in locust control. The locust to him not only destroyed food but created it Roasted locusts are very nutritious. You still can see them in the suks in Arabia Just put a large number of mature locusts filled with eggs into the campfire until the wings and legs are burned off Sprinkle a little salt on the abdomen and eat them—they taste just like caviar I know from experience"

Eisenhower on Subversion

In his first message to Congress, on Feb 2, 1953, President Eisenhower made this statement:

"Confident of your understanding and cooperation, I know that the primary responsibility for keeping out the disloyal and the dangerous rests squarely upon the executive branch."

In his message to Congress last Jan. 7, President Eisenhower recommended that any citizen convicted of conspiracy to advocate overthrow of the government by force or violence should be regarded as having renounced his allegiance to the United States and therefore as having forfeited his citizenship. This recommendation was included in the law to control the Communist conspiracy enacted in the closing days of Congress.

The same law also included a section depriving business and labor organizations of rights before the National Labor Relations Board if they had been found to be Communist-infiltrated. In his statement covering anti-subversion legislation newly added to the government's means of controlling the Communist conspiracy, the President described eight separate and distinct categories of power added to the authority of the executive branch of the federal government.

These were in addition to the Subversive Activities Control Board's systematic action against the Communist loyalty program put into effect by executive orders in May, 1953. In May of this year a White House statement pinpointed the responsibility of the executive branch of the federal government.

"The executive branch of the government," the statement said, "has the sole and fundamental responsibility under the Constitution for the enforcement of our laws and presidential orders. They include those to protect the security of our nation which were carefully drawn for that purpose."

In its two and one-half years of executive responsibility, the Eisenhower administration has accepted full responsibility for security against subversion.

The Electronic Mirror

Dr. Frank Stanton, president of Columbia Broadcasting System, is kidding either himself or his listeners when he says radio and television reflect things exactly as they are and therefore should be allowed in the Senate's special committee's earings on the McCarthy censure resolution.

"They are the public's mirrors," says Dr. Stanton. "To blame them for blemishes or excesses makes no more sense than to blame a mirror because you do not like what you see in it."

The difference, as we think Dr. Stanton knows is that most people cannot be natural in front of a mirror. It does something to them. They become unnatural when they are being observed.

Some shrink and some expand. Some make grimaces. Some get tongue-tied, and others can't stop talking. Some twist themselves to see how they would look if they froze that way. It even happens in newspaper interviews and news photography.

The question that arises in the claim that radio and television should be allowed to go into any public hearing is whether or not some deliberative processes of government lend themselves to the mirror treatment.

When Dr. Stanton has thought about it a little longer, he may see the merit of giving the special Senate committee on the McCarthy censure resolution a chance to think things through before doing or saying anything for public effect. The public is entitled to know what is going on. But until all public men have learned to be natural in front of the electronic mirror, it might be well to let them thresh out some of the people's tougher problems in an atmosphere of deliberation — to think first and talk afterward.

Another Battle of the Titans

This time the financial titans are going to fight for control of one of the worlds largest retail merchandising organizations instead of a railroad. But the struggle to get control of Montgomery Ward & Co. will be followed with the same lively interest that was stirred by the struggle to get control of the New York Central Railroad early this year.

This has become one of the standard dramas of capital enterprise. It is no accidet that the principals take on much of the nature of actors as well as a little of the nature of heroes and villains. They make no secret of their reliance on public opinion to tip the final balance in their favor.

Sewell L. Avery, whose strong opimons and forthright individualism have made him a national symbol of extreme conservatism since the spring of 1944 when he was carried out of his office by U S. soldiers after defying a federal seizure order in a labor dispute, is expected to put up a strong defense of his present position as chairman of the board of Montgomery Ward & Co. His challenger, Louis E. Wolfson, is a relative newcomer to corporate finance, although by no means an untried operator.

At the sound of the cash register, let both men come out fighting!

New Social Security Law

By James Marlow

Broadened Setup Benefits Domestic Employes

WASHINGTON — Many more thousands of housewives and their part-time domestic employes—like maids, cooks, gardeners—must start paying a social security tax on their employe's earnings in 1955.

That's because Congress recently changed the social security law covering domestic employes to bring more of them under the protection of the social security system.

The change goes into effect next Jan. 1. This is what it means, keeping in mind that the first calendar quarter is January through March.

If after Jan. 1 a domestic employe earns as much as $50 from one employer in a three-month quarter, then both the employer and the employe must each pay a tax of 2 per cent — total of 4 per cent — on the employe's earnings.

—:—

IN ONE QUARTER a domestic employe may not earn as much as $50 from one employer; in another quarter she may earn that much or more. The tax has to be paid for each quarter — but only that quarter — in which $50 or more is earned.

And if a domestic employe — say a one-day-a-week maid — works for several different housewives and earns as much as $50 from each of them in a quarter, then in each case where that much money was earned the individual housewife and the maid must pay the tax on what the maid earned from that housewife.

Under the present law—changed, beginning Jan. 1 — neither a housewife nor her maid had to pay a social security tax unless the maid worked for her at least 24 days in a quarter and earned at least $50 in that period.

—:—

UNDER THE NEW LAW the number of days worked by any domestic employe for any housewife will make no difference. The only test on whether tax has to be paid is whether the domestic earned $50 or more from the housewife. For example:

Mary Jones, who works as a maid one day a week for several housewives for $7 a day, misses some days because they don't need her or because she's ill. But say she worked for Mrs. Smith, Mrs. Brown, Mrs Kelly and Mrs. Adams in 1955's first quarter.

She earned more than $50 from each of them in that three-month period except Mrs. Adams, who didn't need her often. Mrs. Adams paid her $49.

Then Mrs. Smith, Mrs. Brown and Mrs. Kelly must all pay a 2 per cent tax on Mary's earnings from them. And in each case Mary must match that by paying a 2 per cent tax also. On the $49 earned from Mrs Adams neither Mrs. Adams nor Mary has to pay a tax.

—:—

IN EVERY CASE it is the housewife not the maid who must actually send in the tax money. The maid can give the housewife her share or the housewife can deduct the maid's share out of the maid's pay. The housewife can pay the maid's share as well as her own, if she wants to.

The payment must be given the government before the end of the month following the calendar quarter in which $50 or more was earned. For instance, the tax on the earnings of a domestic employe in the first quarter of 1955 must be paid before the end of April 1955.

The domestic employe — the maid in this case — must have a social security account number under the program. If she doesn't have it, she must get it. She can go about getting it this way:

Ask the local post office for Application Form SS-5. This is filled out and sent to the nearest social security field office. There are 512 of these offices.

—:—

IN MAKING THE TAX payment, the housewife will need Form 942. She can get this by writing to the district collector of internal revenue, with the explanation that she now has a domestic employe who qualifies for social security coverage.

For the guidance of housewives and domestic employes the government is preparing booklets of information and instruction. They should be ready before the first of the year.

Domestic employes who now go under social security coverage will, if they work long enough in security-covered jobs, be entitled to old age insurance after age 65.

There are also other benefits in case a covered domestic employe dies before reaching 65. For example, a lump sum death payment to the spouse of the deceased domestic employe, ranging from a minimum of $90 to $255. And there are payments to a deceased domestic employe's children under 18.

Benefits in each case will depnd on time worked under social security coverage and money earned.

Price of Progress

By TRUMAN TWILL

If anthropologists were hep, they'd quit digging up any more bones for a few years until skeptics had forgotten about the Piltdown man hoax. Right now, some of us obstreperous skeptics are on the verge of believing the only difference between the Piltdown man and all the other ancient - bone fantasies is that the Piltdown hoax has been discovered.

If all of us knew what was good for us, we'd start digging up every shred of recollection about our pasts, get it all down in writing and turn it over to an investigating committee — don't call us, we'll call you. Then we could look our friends and neighbors in the eye with a clear conscience, knowing we had made a clean breast of our sins of omission and commission without waiting for a summons.

If the tobacco industry and related enterprises can persuade women to smoke pipes — and women have been on the verge of doing this very think for years — men will find it just as easy to get used to the pipes as they did to the cigarets, when women began to smoke them. And there will be fewer hot ashes spilled on babies.

If athletes who go through religious manifestations before playing games and entering the prize ring could hear what onlookers have to say about mixing religion with sports, they would decide to do all further manifesting in the privacy of the locker room.

If anyone ever succeeds in developing a painless way to drill teeth, nobody will believe it for at least 10 years because stories about painless drilling have been put into circulation oftener than the little boy's warning about the wolf.

If people who applied for work in the government's atomic energy plants did not want to accept the customary terms of employment on the public payroll—no striking against the public interest — they should not have sought government employment.

If the occasion arises to investigate the loyalty of people who investigate the loyalty of other people, who is going to do the investigating? Or is this one of those blank places in government like the one discovered by Sen. Mundt when he learned there was no way to call a meeting of a Senate committee if its chairman didn't want to do the job himself?

According to the ads, nothing makes a woman as wildly, deliriously happy as a box of new, pepped-up soap flakes, but they're still selling diamond rings and fur coats, anyway.

Russian Advances in Science Studied

By Michael Amrine

WASHINGTON — Russia this year is expected to graduate nearly three times as many trained engineers as the United States. President Dwight D. Eisenhower, alarmed by the outlook for fewer and fewer scientists to work on needed American government research, has appointed a special cabinet committee to study the problem.

Dr. Arthur D. Flemming, chairman of the Office of Defense Mobilization, is chairman of the committee. Members include Sinclair Weeks, Secretary of Commerce; James Mitchell, Secretary of Labor; Mrs. Oveta Culp Hobby, Secretary for Health, Education, and Welfare; Dr. Alan Waterman, director of the National Science Foundation, and Lewis L. Strauss, chairman of the Atomic Energy Commission.

Another member is still another James Mitchell, assistant to John A. Hannah, recently retired secretary of defense for manpower. Both Mitchells, formerly in the office of the defense secretary, once again are working together. The identity of their names is again causing confusion.

—:—

THE COMMITTEE'S special province is the training of scientists and engineers. Scientists expect that the committee will look into the proper use of scientists in government. But the increasing friction between scientists and government—created by such affairs as the J. Robert Oppenheimer case—was not a major factor in the decision to have a special committee of this type.

The real reason is found in facts like these: This year Russia is expected to graduate 54,000 trained engineers. American universities, restricted by the draft and other national policies that do not favor scientific training, will graduate only 20,000 engineers in the same period of time.

Just as Air Force enthusiasts have become alarmed over Russian aircraft production, including new fighters and long-range bombers, so have scientific management circles become convinced that we no longer can count on a comfortable scientific lead over Russia.

—:—

ONE REASON FOR THIS is that we have failed to insure a steady flow of bright young students into science. We take for granted that we are the greatest, most scientific country in the world, whereas we may be only the greatest country of applied science. We have the gadgets, but not enough of the kind of men and the kind of atmosphere that produces the theories leading to new developments—atomic bombs or labor-saving gadgets.

In Selective Service, a new directive to be issued next month, will enable draft boards to take more notice of exceptional cases, so that young men valuable to rocket or guided missile research will not be taken overnight into the armed services. The atomic bomb project obtained the deferment of 52,000 men, during the height of a war, but total deferments of all kinds now stand at about 28,000.

—:—

SCIENTISTS AND ENGINEERS now make up about 8 per cent of all persons inducted. First-year graduate enrollment in science dropped from 11,000 in 1951-52, to 8,000 in 1952-53, and this year's drop has been spectacular. Altogether, unless draft policies are changed, we will lose men who never got to the point of entering graduate school, or who have been pulled out of graduate school, until we have left only about one-fourth of the science students we would ordinarily expect, namely a drop of 2,000.

Many protests have been made by institutions and scientific groups to General Lewis Hershey, head of Selective Service, and as news of the cabinet committee gets around, the members may expect to hear further from men who believe they are not seeking special privileges for students or technicians, but that they are helping their country to a sound science policy.

Marion County History Brevities

By EDNA S. DUTTON

In the early 1880's historians bemoaned the passing of the old-fashioned store with its scant stock of staples, its handy bottle of whisky and cup, its ample day book and ledger; its quaint salesman with a few words and plain dress and meager pay. Marion, progressing with other communities was being taken over by "Young America with its 'make or bust,' its plate glass windows, its expensive fashionable goods, dandy-dressed clerks, diamonds, and lavish salary, and the women of the period equal in fashionable extravagance—plus the cost and expense of modern machinery which would have shocked the old-timer, and driven him to suicide."

Lesson for Two

PEORIA, Ill. (AP)—Police got a report that two boys were kidnapped by a man who grabbed them and locked them in the trunk of an automobile. The car was traced to Harold Walker who said the youngsters were his brothers. He searched for them when they failed to return home on time. To teach them a lesson he locked them in a trunk of the car while driving them home.

Ever Higher and Higher

By MARK DANA

Apparently it was Air Force Major Arthur Murray of Harrisburg, Pa. who was at the feather-touch controls of the Bell Aircraft experimental rocket airplane, X-1a, which recently zoomed 90,000 feet into the stratosphere, the highest up any human being has gone.

The plane itself, which previously had set a world speed record of 1,650 miles per hour, thus wins another medal for itself, with the Air Force major meriting commendation for his physical stamina in withstanding such a flight and courage for making it. but of course him claiming that any special skills on his part helped lift him some 17 miles above the earth.

The Defense Department follows recent tradition in letting just a few facts of this height - record flight leak out, perhaps to imply to Russia that such a feat is fairly common.

It isn't, of course. Being pushed that high by explosive rockets is quite a novel experience. Laymen may wonder about the military strategic values of such a leap into space (upward), but no doubt some values are there. At any rate, it is symbolical of the progress urge, the patriotic yen to surpass in the air anything achieved by our enemies—or friends.

Daily Bible Thought

"A little lower than the angels" Psalms 8:5. No one has fully explored the majestic possibilities of a human life. Many have done magnificently, many have done well, but no one has completely used his utmost powers and opportunities, no one but a certain carpenter that humanity crucified.

The Once Over

By H. I. Phillips

Unconvincing Surprise

(Being a letter to all judges, district attorneys, prosecutors, chiefs of police, psychiatrists and juvenile delinquency probers professing amasement at unprecendented brutality in crimes committed by teen-agers, and highlighted by recent New York cases in which junior high-school kids beat up elderly men, killing two or more without provocation.)

Dear Sir: So you can't explain it! You are dumbfounded by the gangster-like behavior of teen-agers. The case of a couple of youngsters who slugged old men to see how hard they could punch baffles you! It's all so mystifying, eh? Where have you been? Don't look now but your unawareness is showing.

Your TV set and radio must be out of order. Otherwise you would surely realize that patterns for assaults, beatings-up and sadistic murders are being poured into the American home on a nonstop basis and all under the HEAD OF FIRESIDE ENTERTAINMENT!

-:-

Do you mean that it is new to you that routines of beastiality are flooding the American fireside and presented as casual amusement for the kids? Didn't you have the least idea that the small fry, from the age of 6 or 7 up, are getting a daily and nightly education in the routines of gangsters toughies and even handsome supposedly heroic gents who stop at nothing in any physical struggle?

Hasn't anybody told the judge, prosecutors, lawyers, juvenile delinquency convention speakers and psychiatrists that even childhood's heroes are being presented as knock-down-and drag-out "sluggers extraordinary" who respect no codes and bar no punches? You're in a bad way, men.

It's time you were informed of things and asked what you expect of a society where children from almost the cradle to young age get blueprints of the lowest crimes as a steady diet. hey don't have to go to the movies. It's served at home!

-:-

Why don't you gents get around more! Haven't you been told that some of the hardest-boiled crime programs on the air are sponsored by some of the Big Wheels of American industry whose products are such a byword in the American home that they give prestige to the performance? Didn't you know that some of these crime programs are presented with the costly glamor, perfection and general appeal that only the richest corporations can afford.

You mean you had no idea that some of the top crime programs were regular airwave features through the sponsorship of prominent Americans who are leaders in the community, moving in the most influential circles and regarded as fine people' hey buy the airwave time and make their sales pitch through the crime programs, Bub.

Ever hear of those semiannual adoption of codes, seals of good practice and pledges not to debase the kiddies' If so, did you ever notice any leveling? Oh well, it's a big subject. Probably too big for you. And me, too. But don't act so puzzled, please. Easy on the "How come?" You can't be quite that ignorant.

Yours truly, Elmer.

Arizona Expert Never Tires of Kitchen Work

PHOENIX — (UP) — Mrs. Doris Burgos, a descendant of a pioneer Arizona family, comes from a long line of good cooks, and is continuing the culinary tradition.

Mrs. Bugros is constantly in demand in the Salt River Valley to cook for resort parties and private gatherings. But she still finds the time to prepare lavish meals for her Mexican-born husband, Carlos, and their three children, aged 19, 11 and 4.

"I sometimes cook all day and part of the night, and I never get tired of it," she said.

Mrs. Burgos attributes part of her interest in cooking to the fact that she is always trying new recipes, or variations on dishes she already knows how to prepare. Whenever she takes a trip, or visits friends, she watches for something new.

If a new dish doesn't turn out quite right when she tries it, she simply changes it around, adding or subtracting, until it suits her fancy. The result is a collection of recipes, gathered from all over the Southwest and Mexico.

Many of her best dishes come from the state of Sinaloa, Mexico, where her husband was born.

She says one of her family and party favorites is enchilades de pollo con crema (chicken enchiladas with cream sauce). When you bite into it, you first get a fleeting taste of the avocado cream sauce on top. Then you taste, in succession, the heavy subtlety of olives, a tang of cheese, zucchini squash, onion, the succulent corn tortilla, and finally, through it all, the mildly hot flavor of the red chili sauce.

FRESH FISH

MERCED, Calif. — (UP) — Dave Sischo and Alan Morrison were pleased when an article appeared in the local newspaper about their spear-fishing activities in a nearby river until fish and game department officials hauled them in to pay $25 fines. It's against the law in California to spear fish in fresh water.

TO HONOR Mrs. Ernest Pavey who will move from Marion in the near future, the Sesame Club held a tea Thursday afternoon in the home of the president, Mrs. John H. Clark, on Powhattan St. Mr. and Mrs. Pavey will leave for Hamilton with their son-in-law and daughter, Mr. and Mrs. Lester L. Dickey, and family. Formerly superintendent of schools in Marion, Mr. Dickey has accepted a similar position with the schools at Hamilton.

Hostesses with Mrs. Clark were Mrs. S. R. Vermillion, Mrs. C. A. Eicher, Mrs. C. H. Lindsey and Mrs. E. J. Andrews. Mrs. M. A. Mickley of Wellston, a charter member of the club visiting here, was present.

Yellow and white fall flowers decorated the rooms, and an arrangement of marigolds and yellow tapers centered the table at which Mrs. P. D. Lockwood presided. For the pleasure of the club Miss Carolyn Jones played as piano selections variations of "Jesus, Lover of My Soul," "My God and I," and "Deep Purple."

—:—

A SPECIAL meeting to which all garden clubs in the Marion Garden Center have been invited and for which the Town and Country Garden Club is the hostess unit, has been postponed until Sept. 17.

It will be held at 2 p.m. at the YMCA. The event originally was scheduled for Sept. 10.

Guest speaker will be Mrs. Fred Rankin of Akron, who will show pictures and give a talk on "Gardens of the World."

—:—

For a meeting of the "FT Club Mrs. Blanche Moore was hostess Wednesday afternoon in her home on Toledo Ave. High score in euchre went to Mrs. Hazel Haubert, second and lone hand to Mrs. Veryl Short, third to Mrs. Ruth Orr, and fourth to Mrs. Marie Collins who in addition won a special prize. Hostess for the next meeting will be Mrs. Arizona Petry.

—:—

An indoor corn roast and hamburger fry were held by the A.T.M. Club Wednesday evening in the Eagles Hall dining room with Mrs. Dorothy Thomas and Mrs. Margaret Way as hostesses.

In a business session, Mrs. Thomas was elected to the office of secretary and treasurer, filling a vacancy created by the resignation of Mrs. Ann Duffy.

Contest honors were won by Mrs. Maude Whiteman and Mrs. Gertrude Rowley, a special award went to Mrs. Thomas, and other prizes were awarded to Mrs. Donna Callahan and Miss Judy Short. A handkerchief shower was held for Mrs. Winifred Bosh, who is leaving soon for Huntington, Ind. Hostess for the next meeting will be Mrs. Annabelle Ganson.

—:—

Officers for the new year, headed by Mrs. G. M. Roberts as president, were elected when members of the Green Thumb Unit of the Marion Garden Club held a luncheon and program Friday at Dixie's Tea Room.

Named to serve with Mrs. Roberts were Mrs. David Rizor, vice president; Mrs. William Stonebraker, recording secretary; Mrs. Robert Hurley, corresponding secretary; Mrs. Frank Thompson, treasurer.

Mrs. Clarence Weber, president, presided for the meeting which was opened with prayer by Mrs. Cecil Davis. Mrs. Roberts was elected a delegate to the state convention to be held Sept. 9-10 in Columbus on the Ohio State University campus.

An announcement was made of the barter mart and chicken barbecue to be held Sept. 8 at the Robert White cottage on Harding Highway West.

For the program, Mrs. George Pfleiderer gave a demonstration on "Dish Gardens." Hostesses for the meeting were Mrs. Noah England, Mrs. Anthony Rocks, Mrs. Ray Keeler, Mrs. Walter Frederick and Mrs. Ruth Langley. For the next meeting, Sept. 24, the club members will tour Kingwood Center in Mansfield, with luncheon to be held at Hotel Talbott in Galion.

Roseberry-Borland Vows Read in Marion Church

In a ceremony at Trinity Baptist Church Saturday night, Aug. 14, Miss Jo Ann Roseberry became the bride of Charles C. Borland, with the pastor, Rev. J. B. Holloway, officiating. The bride made her home with her uncle and aunt, Mr. and Mrs. O. B. Manbeck of 889 Sheridan Rd. Her father is Ralph Roseberry of near Marion. Parents of the bridegroom are Mr. and Mrs. C. K. Borland of 883 Sheridan Rd.

For the 7:30 o'clock service the altar was decorated with three candelabra holding lighted tapers, and a single large basket of white gladioli and huckleberry foliage. Bows of white satin ribbon, and white gladioli and huckleberry foliage marked the family pews. A program of nuptial music was by Miss Julia Fritch of Fremont, organist, and Jerry Flora of Ashland who were Ashland College classmates of the couple.

Mrs. Charles C. Borland

—:—

GIVEN IN MARRIAGE by her uncle, Mr. Manbeck, the bride wore a waltz-length gown of white nylon tulle and Chantilly lace. The dress was fashioned with a fitted, tucked bodice of tulle, and paneling the bouffant skirt was a wide applique of the lace, cascading to a point in the back. Worn over the strapless bodice was a lace jacket accented with tiny covered buttons, a small petal collar, and long sleeves which tapered into points over the hands. The fingertip bridal veil of imported silk English illusion was held with a bicorne of lace strewn with pearls and French irridescent paillettes. Carried as the bridal bouquet was a gladioli corsage caught in lovers knots on a white Testament.

Miss Margene Heisel, cousin of the bride, was maid of honor, and bridesmaids were Miss Peggy Roseberry, sister of the bride, and Miss Birdie Borland, sister of the bridegroom.

Costume of the maid of honor was a ballerina-length dress of coral celanese and nylon tulle. The tulle bib front was fastened in a mandarin collar effect. Tulle fashioned the bouffant skirt and worn over the strapless bodice of the gown was a celanese bolero. A corsage of peacock blue gladioli was carried on a silver brocade evening purse.

Gowns of the bridesmaids were styled like that of the maid of honor and were of peacock blue celanese taffeta. Their corsages of coral gladioli were carried with silver brocade evening pouches.

Ed Roseberry, brother of the bride, served as best man, and ushers were Tom Ellison and Willis Lamb, brother-in-law of the bridegroom.

Mrs. Ralph Roseberry, stepmother of the bride, wore a dress printed in navy, white, and red, her accessories were navy, and her corsage was of red gladioli.

—:—

THE BRIDEGROOM'S mother, Mrs. Borland, wore a beige and brown print with brown accessories and brown-orchid gladioli corsage.

Complimenting the costume of Mrs. Manbeck, aunt of the bride, who wore a dress of dusty rose, were navy accessories. Her corsage was of plum gladioli.

College classmates of the bride, Miss Barbara Sautter of Galion and Miss Wanda Berry of Lucas, O., were in charge of the guest book. Attending from out of town were guests from Harpster, Mount Gilead, Farmdale, Upper Sandusky, Sterling, Ashland, Fremont, and Akron.

For traveling, the bride chose a pink and grey checked suit with which she combined black and gray flannel accessories, and she wore the corsage from the wedding bouquet. She and her husband are now making their home at 133½ Pierce St., West Lafayette, Ind.

Both were graduated from Harding High School in Marion in 1950. She attended Ashland College three years, majoring in elementary education, and he was graduated there this year. He is now on the staff of Purdue University at Lafayette, Ind., and is working toward a master's degree.

Among pre-nuptial events for the bride was a shower given Aug. 12 by Miss Heisel, the maid of honor, at her home at 897 Sheridan Rd.

Lodge Activities

Guests from Marion and Cambridge were present and gave short talks at a meeting of White Lily Temple 273, Pythian Sisters Lodge, at Waldo Thursday night. They were Mrs. Myrtle Tavenner, Mrs. Blanche Maass, and Mrs. Virginia Conkle of Marion Canby Temple, and Mrs. Nenetah Shaw of Cambridge Goldenrod Temple. Mrs. Lucille Schwaderer presided.

The Temple degree was conferred by officers and degree staff members under direction of Mrs. Hazel Klingel. State convention was announced for Sept. 22-25 at Columbus. Mrs. Emma Edwards was listed as recovering at home after an illness at Jane Case Hospital in Delaware.

During social hour, a miscellaneous shower was held for Mrs. Jane Fogle, the former Miss Jane Moyer who is temple pianist. Secret sisters were revealed and names of new ones were received. Mystery box given by Mrs. Erma Hickman was won by Mrs. Maass. Secret sister gifts were presented Mrs. Sheila Klingel, Mrs. Luella Klingel, Miss Louise Seeger, Mrs Bessie Klingel, Mrs. Patty Agler, and Miss Wanda Klingel. Refreshments were served by Mrs. Patsy Porterfield and Miss Wanda Klingel. At a meeting Sept. 9 the quarterly birthday party honoring members with birthday anniversaries in July, August, and September, with a potluck supper included. Mrs. Marie Chapman and Mrs. Elizabeth Klingel will be in charge of entertainment and refreshments, and Mrs. Elinor Salyer was appointed to purchase the gifts.

—:—

Mrs. Melba Osborne of Marion and Miss Judy Riddle of Upper Sandusky were guests when the Carnation Past Councilors of Mary A. Canfield No. 210, Daughters of America, held their annual picnic Wednesday at Harrison Smith Park in Upper Sandusky.

Following the picnic supper, a social hour was at the home of Mrs. Edna Riddle. Honors in contests were awarded to Mrs. Bess Peoples and Miss Riddle. Mrs. Riddle was presented a special award.

The next meeting will be Sept. 23 at 8 with Mrs. Gladys Moes, 121 Dix Ave. Mrs. Riddle will be co-hostess.

Sunday Crowd At State Fair Set at 107,000

Total Under '53 Mark; Columbus Girl, 4, Dies After Style Show Fall

COLUMBUS, Ohio (AP) —An estimated 107,000 persons thronged the Ohio State fairgrounds here yesterday as veterans joined with the military to stage a colorful salute to the armed forces.

Although short of the record 124,000 attendance a year ago Sunday, yesterday's crowd was the largest of the 1954 fair, which opened Friday.

One highlight was the "capture" of a pill box by 20 Marines using a bazooka and a flamethrower.

A parade and drum and bugle corps demonstrations were other features.

One casualty of the fair was 4-year-old Elizabeth Rupp of Columbus, who died yesterday of injuries received when she fell from a ramp during a children's style show Saturday.

Fair officials said the girl slipped and fell about five feet during the show at the Arts and Crafts Building.

She died at Children's Hospital after a brain operation.

Dr. Carl E. Tetrick, acting coroner, said the girl received a skull fracture and brain hemorrhage.

State Fair Manager Sam C. Cashman said he was "deeply shocked" by the death and ordered an investigation by the state highway patrol.

Silhouettes From Dior Fall Collection

DIOR SHAPE. Here are two of the most important silhouettes from the controversial Paris fall collection of Christian Dior, who created a furore among buyers and press when he introduced the flattened bustline as his "new new look."

LEFT: A dinner ensemble in black nylon velvet, consisting of skin-tight sheath dress and flared tunic.

RIGHT: Evening costume in yellow matte velvet of nylon, cotton and silk blend, with full-skirted gown drawn tightly across the bosom, and matching loose jacket banded in wild mink. The new bustline is achieved by means of a foundation with half cups, which raises and minimizes the bosom.

Marion Area Residents Win Prizes at Fair

Two organizations of Calvary EUB Church met Tuesday night at the Orla Barks home on Prospect Pk. with the Men's Bible Class taught by Charles Feaver treating the Emma Berger Bible Class to a watermelon social. A program was directed by the women's class which is taught by Miss Vera Stull. Attendance of 40 members and guests was counted.

Rev. S. E. Bender, in charge of founding a Rescue Mission in Marion, was the speaker. To open the program, singing of choruses was led by Mrs. A. L. Wood with Miss Dorotha Goyer playing accordion accompaniment. Prayer was by Luther Landes. A short devotional message was given by the church pastor, Rev. Clyde R. Wendell. Special music was by a quartet composed of Elmer Harruff, Paul Lill, Vernon Merriman, and Parks Kennedy. Following the talk by Rev. Bender, Stanley Lawrence of near Marion gave a "magic" show.

The guest speaker told of the purpose and work of a rescue mission. He explained that the mission will not be "another church" but will be an "extension work of the churches to help those who because of their poor clothing or waywardness would not darken the doors of the church." In addition he invited who believe in Jesus Christ, who "those churches in Marion to help believe in the Deity, and who will stand behind the pulpit and proclaim the Gospel." Work of the mission is to "feed the hungry, help to get homeless men a home, clothe them and help to get them jobs to instill in their minds that they have a responsibility, and to convert them and to encourage them to get into a church that is fundamental," he said.
